TIME PRECIOUS COMMODITY

"Prelude: The Leaving"

Lingering
as the dying do
between that life
just past
and the still unknown,
I only know enough
about myself as yet
to know that I don't
know enough.

I do not dangle
at the dawning
on a strand of sunlight,
nor do I perch on
paragraphs of prayers.
I'm hill and gully rider
only on the edge
of conversations
never in the center.

Get close enough to learn
but lean as little as you can
and only then
to have a closer listen.

WE HAVE ENTHUSIASTIC TIMES

BARTER

Life has loveliness to sell —

All beautiful and splendid things,
Blue waves whitened on a cliff,
Climbing fire that sways and sings,
And children's faces looking up
Holding wonder like a cup.

Life has loveliness to sell —

Music like a curve of gold,
Scent of pine trees in the rain,
Eyes that love you, arms that hold,
And for your spirit's still delight,
Holy thoughts that star the night.

Spend all you have for loveliness,

Buy it and never count the cost,
For one white singing hour of peace
Count many a year of strife well lost,
And for a breath of ecstasy,
Give all you have been or could be.

by Sara Teasdale

GROWING

Have you ever wondered how a person matured from buying tickets to a non-existent elevator to selling tickets to a non-existent elevator. Just how did that gauche sophomore blossom into a super-confident senior? Let's follow the average student through his high school years and discover how this transformation occurred.

It all began when the average sophomore arrived at Del City High fresh from reign as "king of the hill" in junior high. The moment he walked through the door he was awed by what he thought must have been at least as large a building as the World Trade Center. From this point on, he was totally lost. He found himself a guide to latch on to and after the day had ended he had memorized exactly how many steps from one class to the next. He never varied his route to and from his classes. Because of his avid fear of a trip to the administrators, he was never late to class. He always carried at least ten books and was overly eager to please his teachers or the upperclassmen.

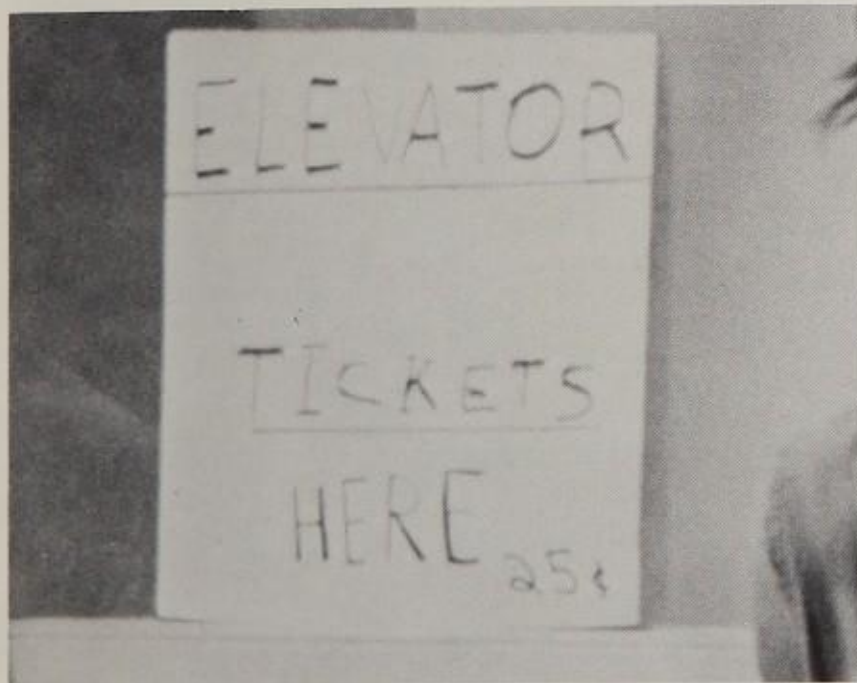

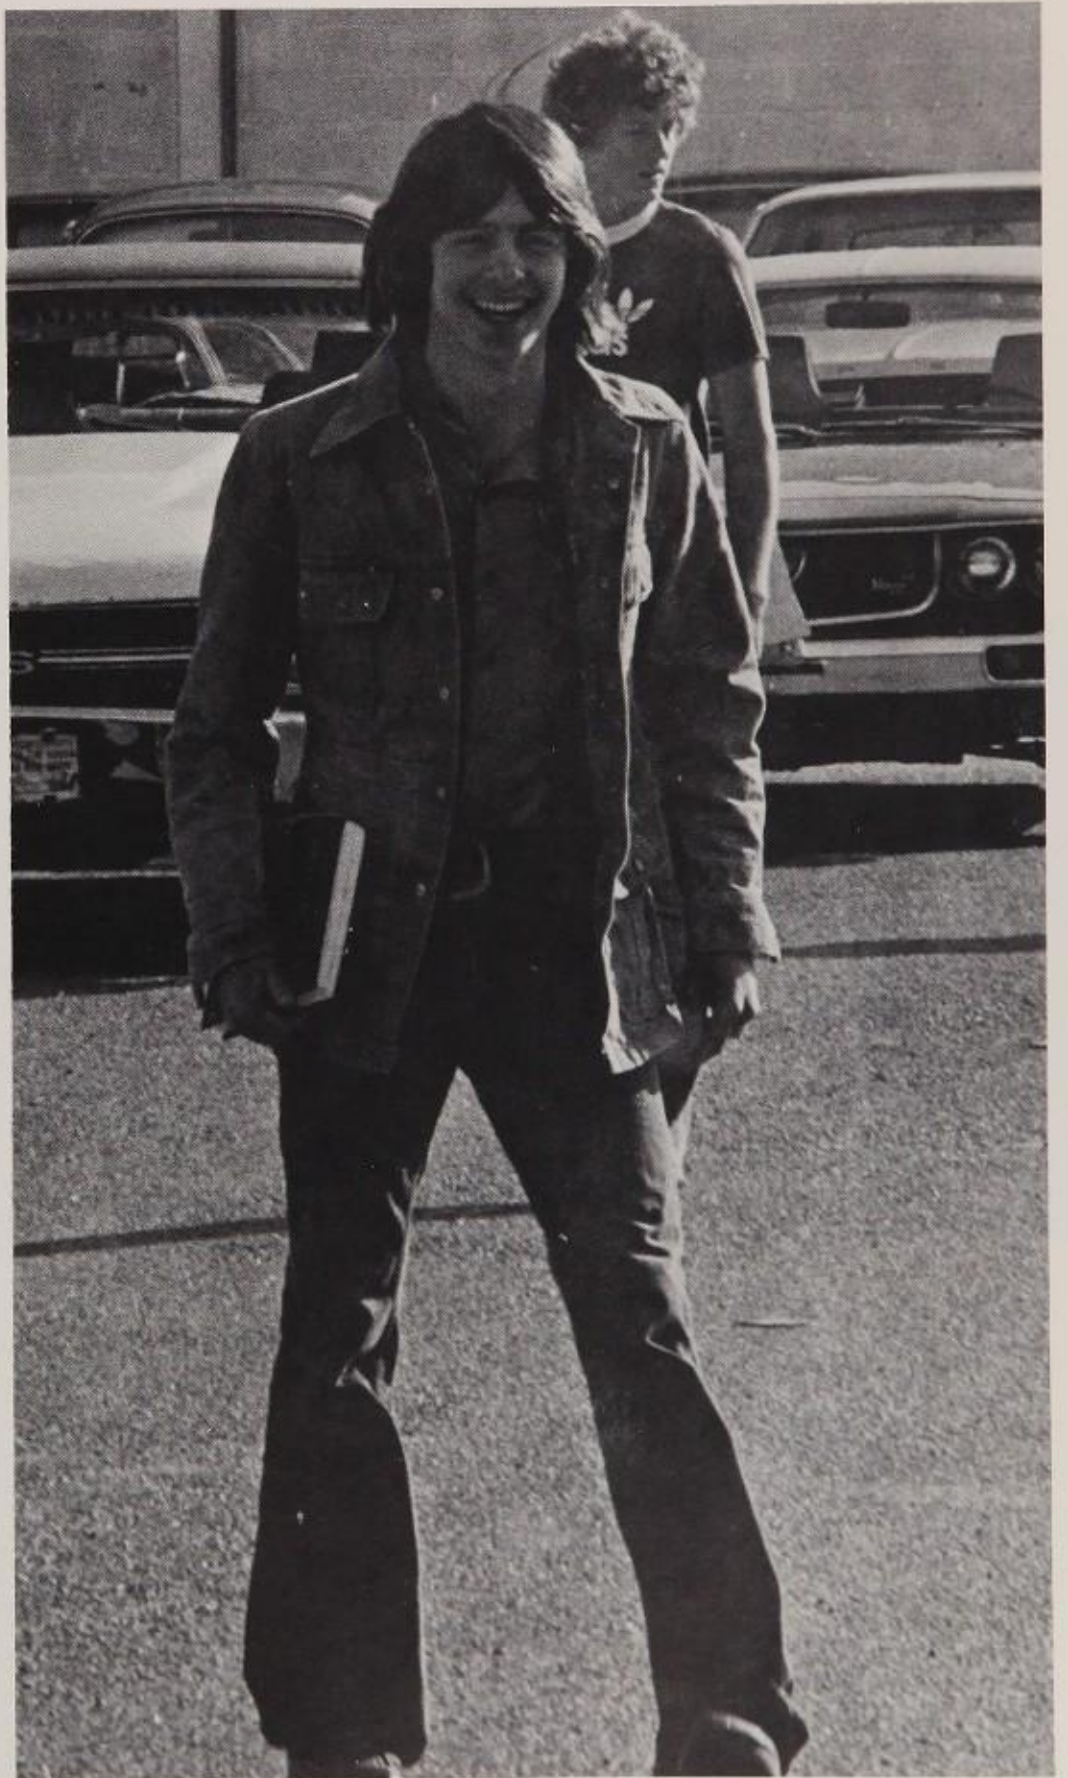

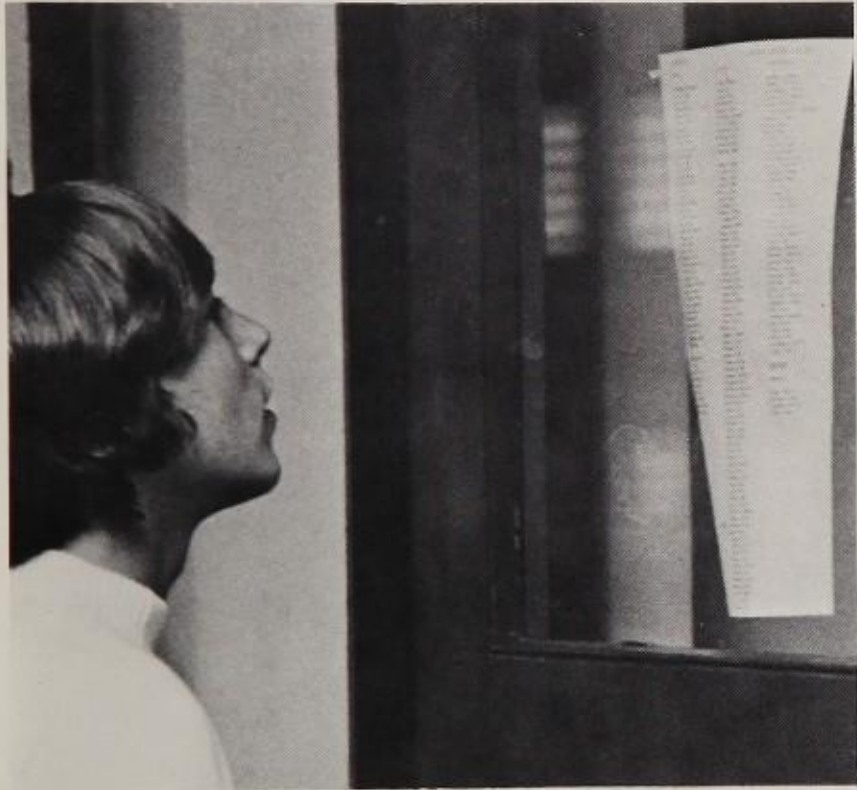

When you look at the changes in attitude of the average sophomore to the average junior, it was clear to see what he was destined to become as a senior. The average junior was growing in confidence daily. He learned to sneer at the antics of the sophomores and copy the actions of the seniors. He still had a reluctance to go to his administrator but slowly they were getting acquainted through his increasingly frequent trips to the office for an admit. He managed to hang on to a few of his books but seldom used them.

By the time the average student reached his senior year, he was inflated with self-confidence. He strutted the halls, condescending on all of the underclassmen. He and his administrator were old friends as every morning he dropped by to say hello and pick up his admit. He seemed to have lost all his books and he lived for the night life on the weekend. Could it be that under his super-cool veneer that he was worried about his future? He had to make many important decisions about his life within a period of a few short months.

The transformation was complete. He had changed from an awkward sophomore to junior, growing in confidence, to a self-assured senior in just three short years. What would he become next?

This page: Upper right, Which way do I go now. Bottom right, An elevator? Many sophomores thought so. Opposite page: Upper left, the mind of a sophomore is undecipherable. Middle, Oh no, not on the DNA again! Bottom left, buy your elevator tickets here. Upper right, "What books?" ask Karen Blankenship. Bottom Right, Did the last bell already ring? wonders Ken Roseboom.

THE ROAD NOT TAKEN

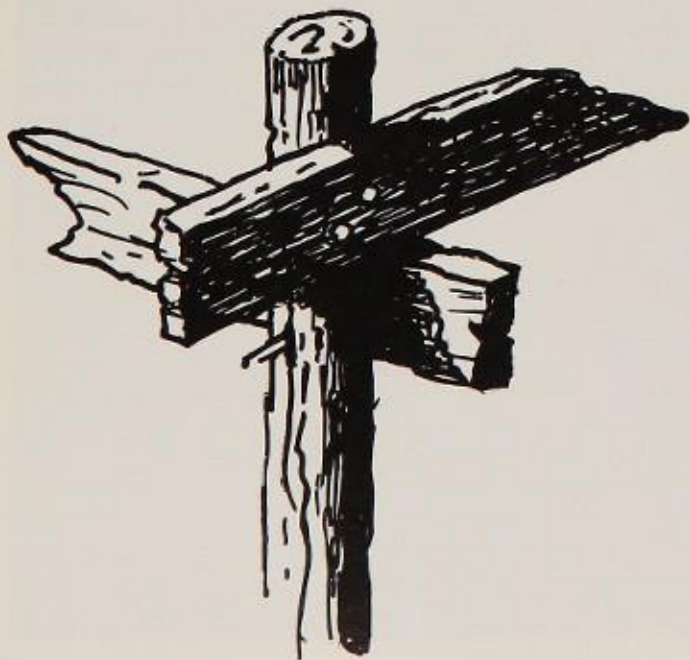

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

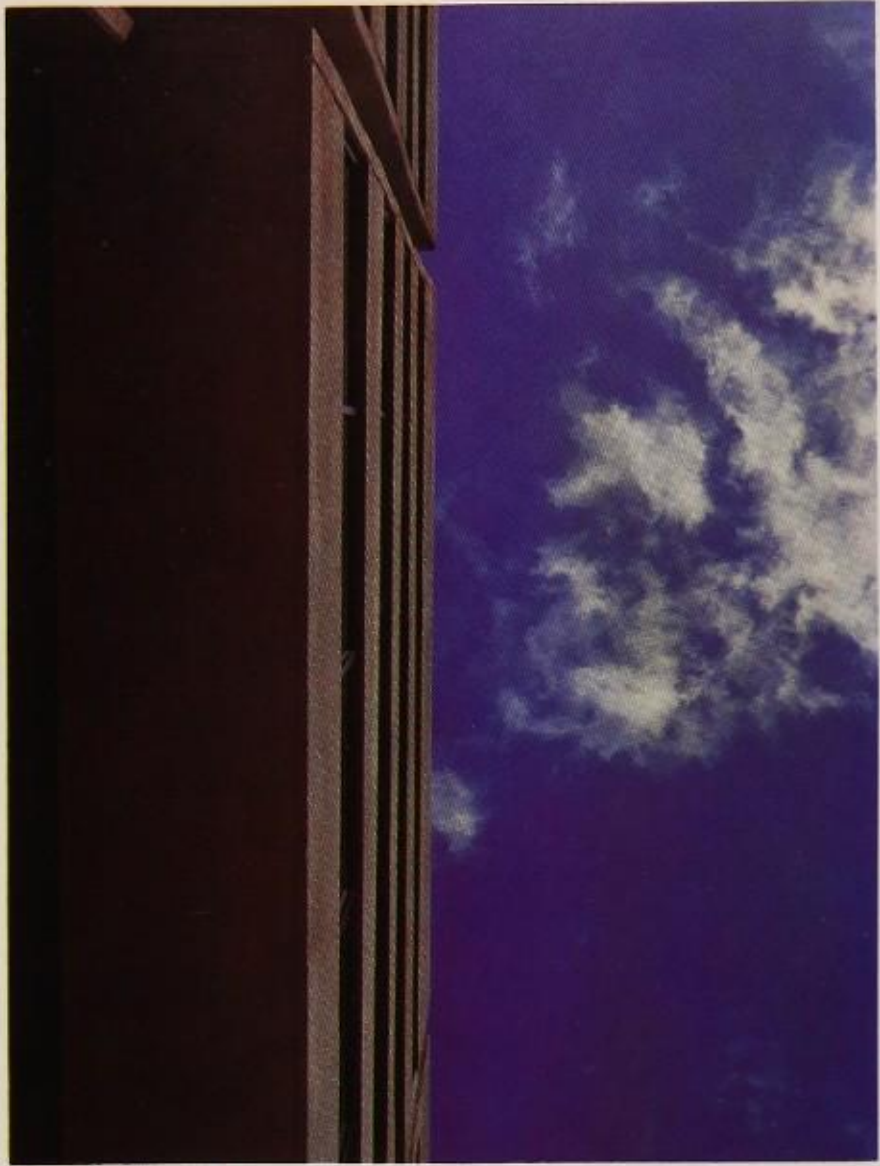

Then took the other, as just as far,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no steps had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

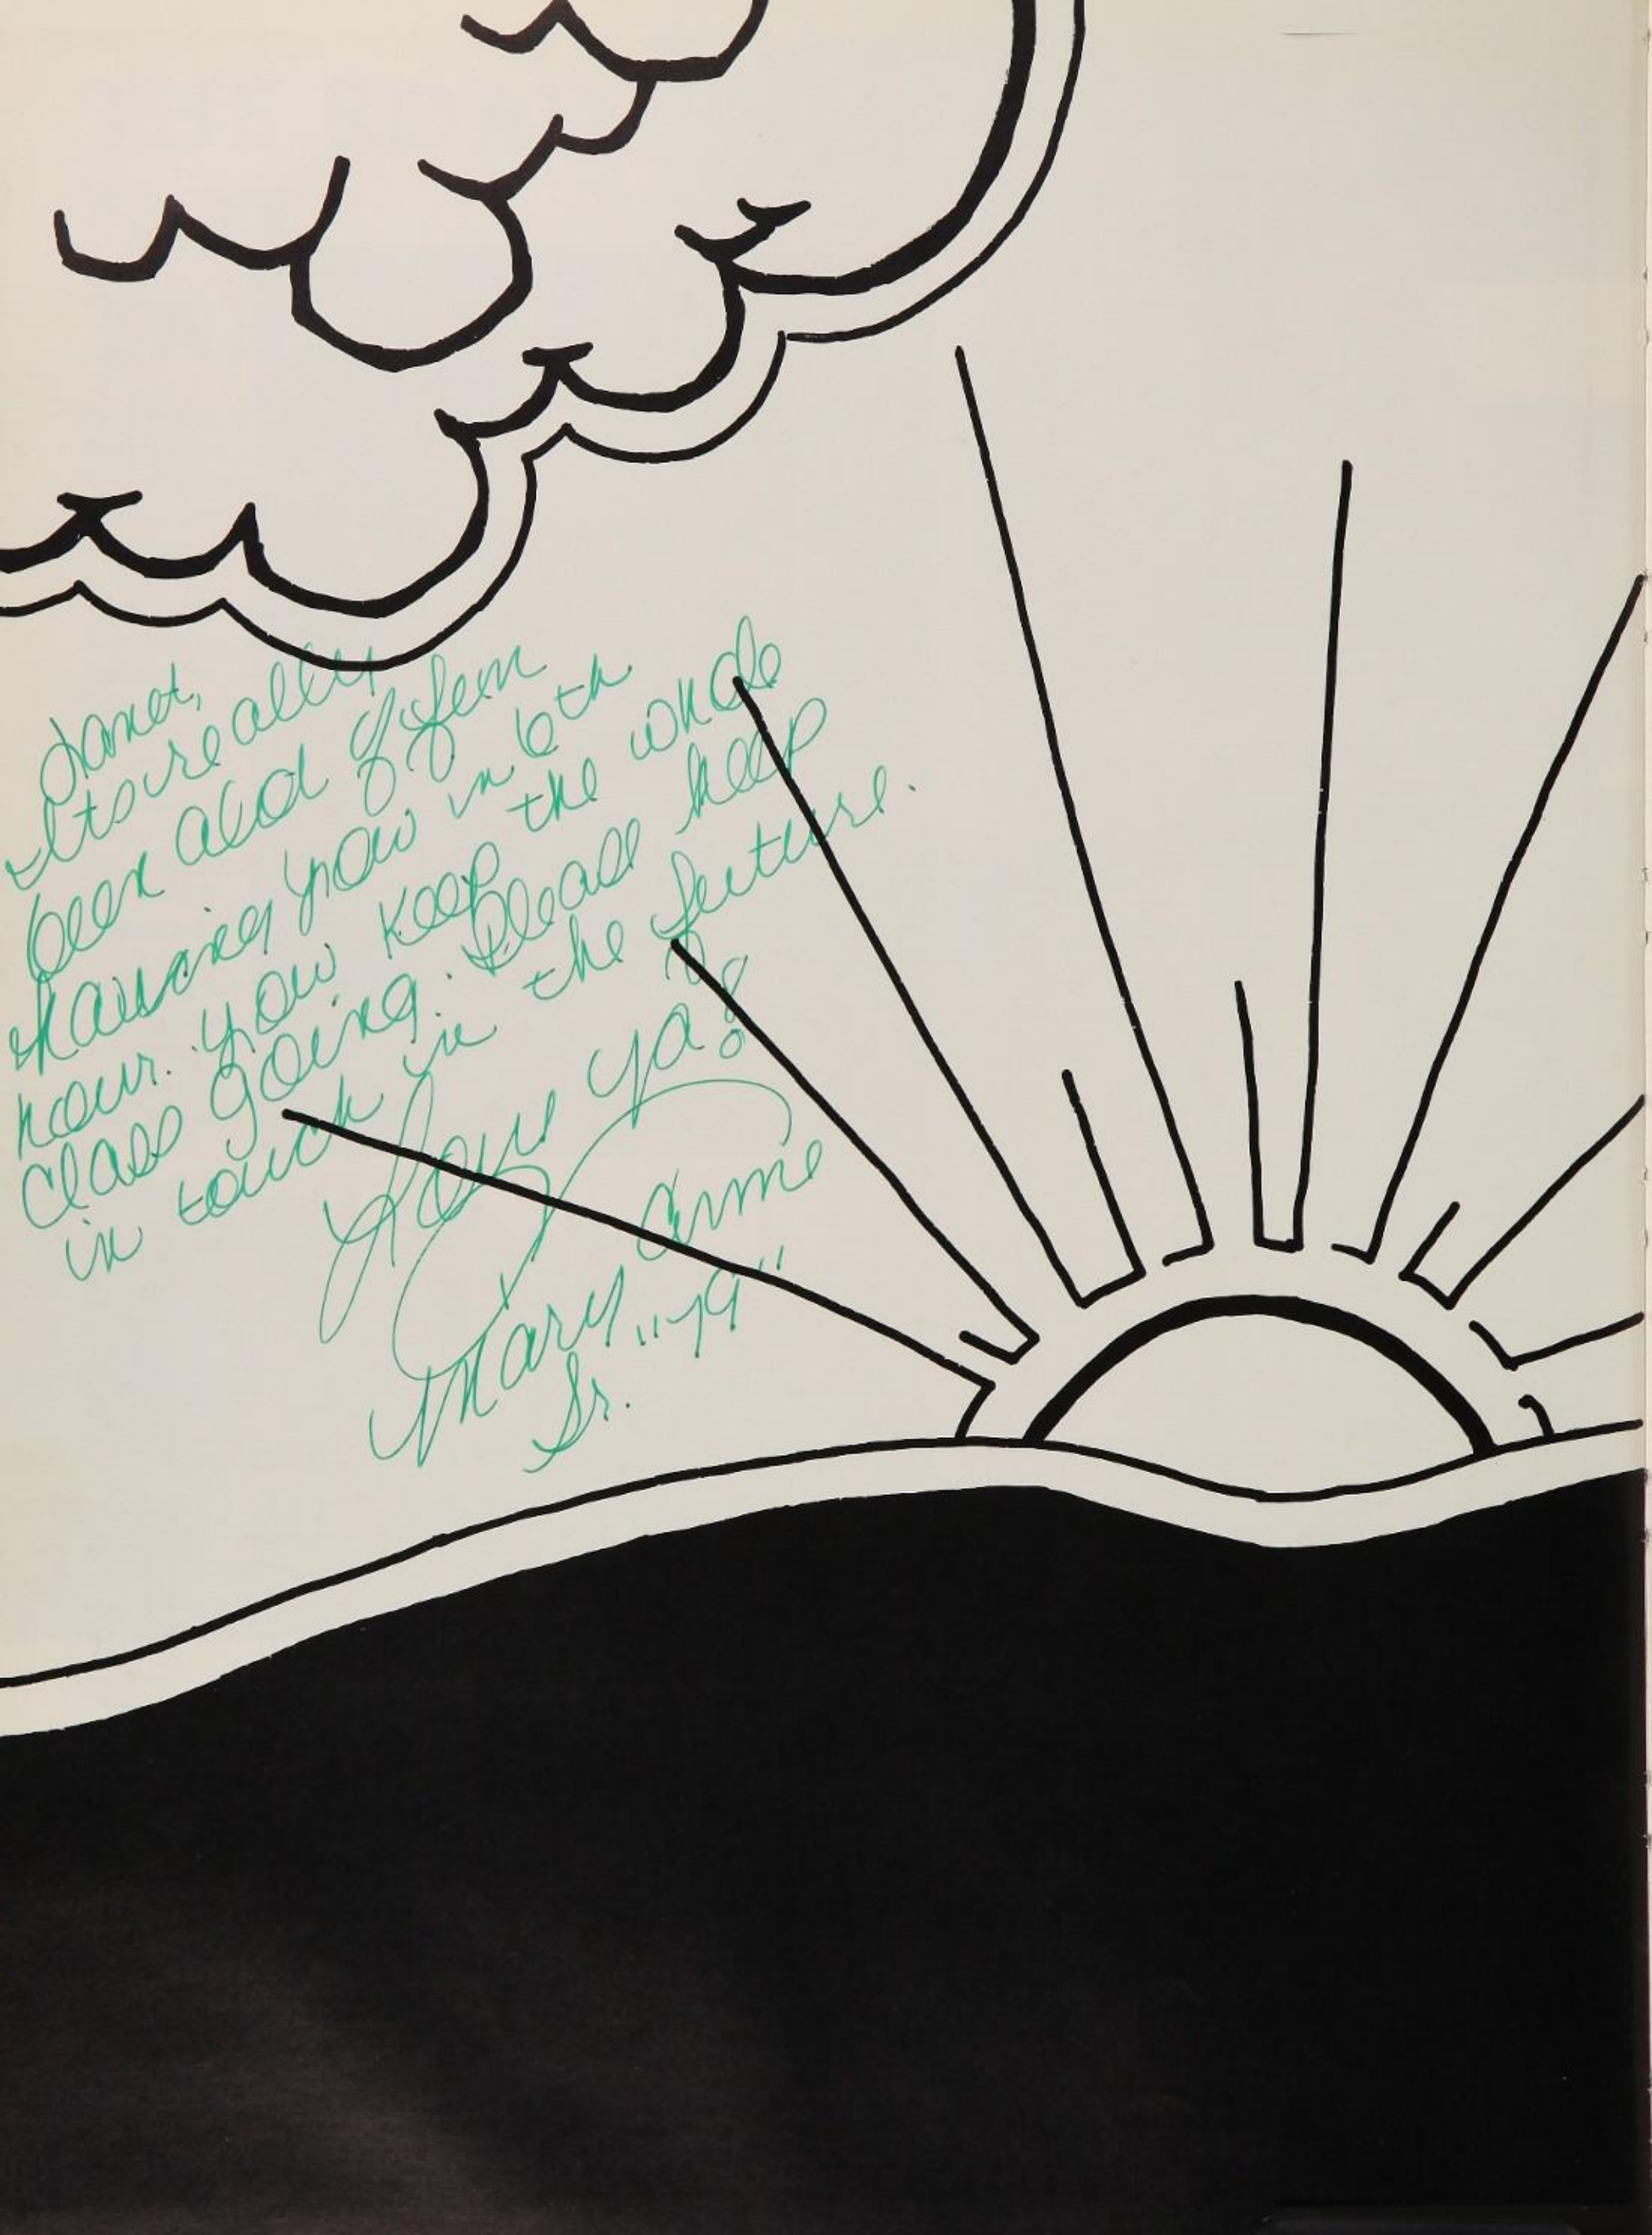

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I —
I took the one less traveled by,
And that has made all the difference.

Do You Know?

Theme from Mahogany

Do you know where you're going to?
Do you like the things that life is showing you?
Where are you going to, do you know?

Do you get what you're hoping for?
When you look behind you there's no open doors.
What are you hoping for, do you know?

Once we were standing still in time,
Chasing the fantasies that filled our minds.
And you knew how I loved you, but my spirit was free,
Laughing at the questions that you once asked of me.

Now looking back at all we planned,
We let so many dreams just slip through our hands.
Why must we wait so long before we see
How sad the answers to those questions can be?

Do You Know?

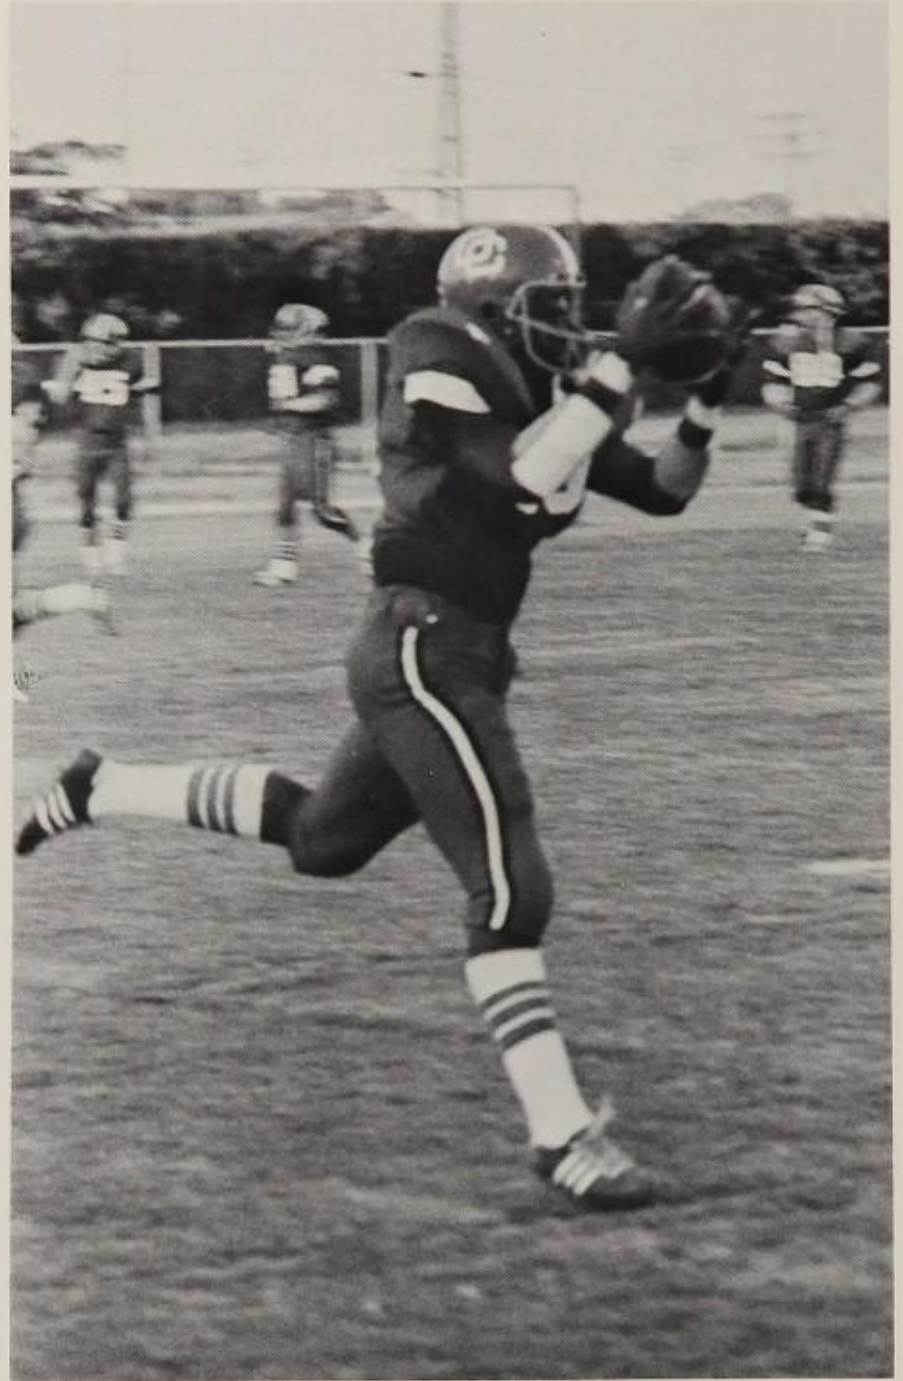

Students Are the Key

People seem to credit the success of DCHS to the starting varsity players, club officers and presidents, cheerleaders and scholars.

But that isn't the case. Sure the ones who are always in the spotlight are important, but not nearly as important as those behind the scenes.

The faithful club members who supports their club at every meeting, the athlete who practices and tries hard but never is noticed, and the ordinary student are the real key to the Eagles' success.

Without all those people who are willing to take second place, where would DCHS be, and would the leaders really be that important.

Homecoming '76

The 1976 Homecoming was fantastic. Homecoming Week, September 19-24, gave all students of DCHS an opportunity to get involved. The week was spent working on mini-floats, decorating homerooms, and building floats. Even the businesses of Del City participated by allowing Pep Club members to decorate their stores.

Each day of Homecoming Week was special and unique. Monday was "Beat the Bears" day. Five dollars was given to Donnie Harris for being the fifth person to say "Beat the Bears" to the "secret" person. The "secret" person was Miss Mullen. Tuesday was "Sneak upon 'em and Sock it to 'em" day. Everyone was encouraged to wear their craziest socks and sneakers. Wednesday was dress-up day. Everyone was to dress up as the thing from clowns to ball players to doctors. On Thursday the Pep Club and the Band sponsored a mock funeral for the Bears. The percussion section of the band marched through the halls in honor of the mock funeral. Also on Thursday, the homeroom decorations were judged. The winners were Mrs. Horton for the theme, and Mr. Logan for the best in originality. Friday was the big day. The pep assemble raised our high spirits even higher. The mini-floats were judged during the pep assembly, and the winner was Mrs. Neugent. School was dismissed at 12:00 so that everyone could make it to the parade. Friday night we finished the week off by conquering the Bears in a 35-14 victory.

Flag girls led the parade.

What is she searching for? Probably love, happiness, and peace of mind. But is it really down the road? Where is it? Does it even exist? Yes, it does exist!

Man is basically a three-dimensional person. He has a physical dimension, an intellectual dimension, and a spiritual dimension. To experience total fulfillment, one must be experiencing life in each dimension. Physical education teachers and coaches develop the student's physical dimension. Other teachers develop the student's intellectual dimension. But the students themselves develop their spiritual dimension by having a personal relationship with the God that created them. They are learning that just as there are physical laws that govern the physical universe, so are there spiritual laws which govern their relationship with God.

Law One. God loves you and offers a wonderful plan for your life.

God's Love — "For God so loved the world, that He gave His only begotten Son, that whoever believes in Him should not perish, but have eternal life." (John 3:16)

God's Plan — (Christ speaking) "I came that they might have life, and might have it abundantly." (John 10:10)

Why is it that most people are not experiencing that abundant life? Because . . .

Law Two. Man is sinful and separated from God. Therefore, he cannot know and experience God's love and plan for his life.

Man is Sinful — "For all have sinned and fall short of the glory of God." (Romans 3:23)

Man was created to have fellowship with God; but, because of his stubborn self-will, he chose to go his own independent way and fellowship with God was broken. This self-will, characterized by an attitude of active rebellion or passive indifference, is evidence of what the Bible calls sin.

Man is Separated — "For the wages of sin is death." (spiritual separation from God) (Romans 6:23)

Law Three. Jesus Christ is God's only provision for man's sin. Through Him you can know and experience God's love and plan for your life.

He Died in Our Place — "But God demonstrated His own love toward us, in that while we were yet sinners, Christ died for us." (Romans 5:8)

He Rose from the Dead — "Christ for our sins . . . He was buried . . . He was raised on the third day, according to the Scriptures . . . He appeared to Peter, then to the twelve. After that he appeared to more than five hundred . . ." (I Corinthians 15:3-6)

He Is the Only Way to God — "Jesus said to him, 'I am the way, and the truth, and life; no one comes to the Father, but through me.'" (John 14:6)

It is not enough just to know these three laws . . .

Law Four. We must individually receive Jesus Christ as Saviour and Lord; then we can know and experience God's love and plan for our lives.

We Must Receive Christ — "But as many as received Him, to them He gave the right to become children of God, even to those who believe in his name." (John 1:12)

We Receive Christ through Faith — "For by grace you have been saved through faith; and that not of yourselves, it is the gift of God, not as a result of works, that no one should boast." (Ephesians 2:8-9)

When We Receive Christ, We Experience a New Birth — (Read John 3:1-8)

We Receive Christ by Personal Invitation — (Christ speaking): "Behold, I stand at the door and knock; if any one hears My voice and opens the door, I will come in to him." (Revelation 3:20)

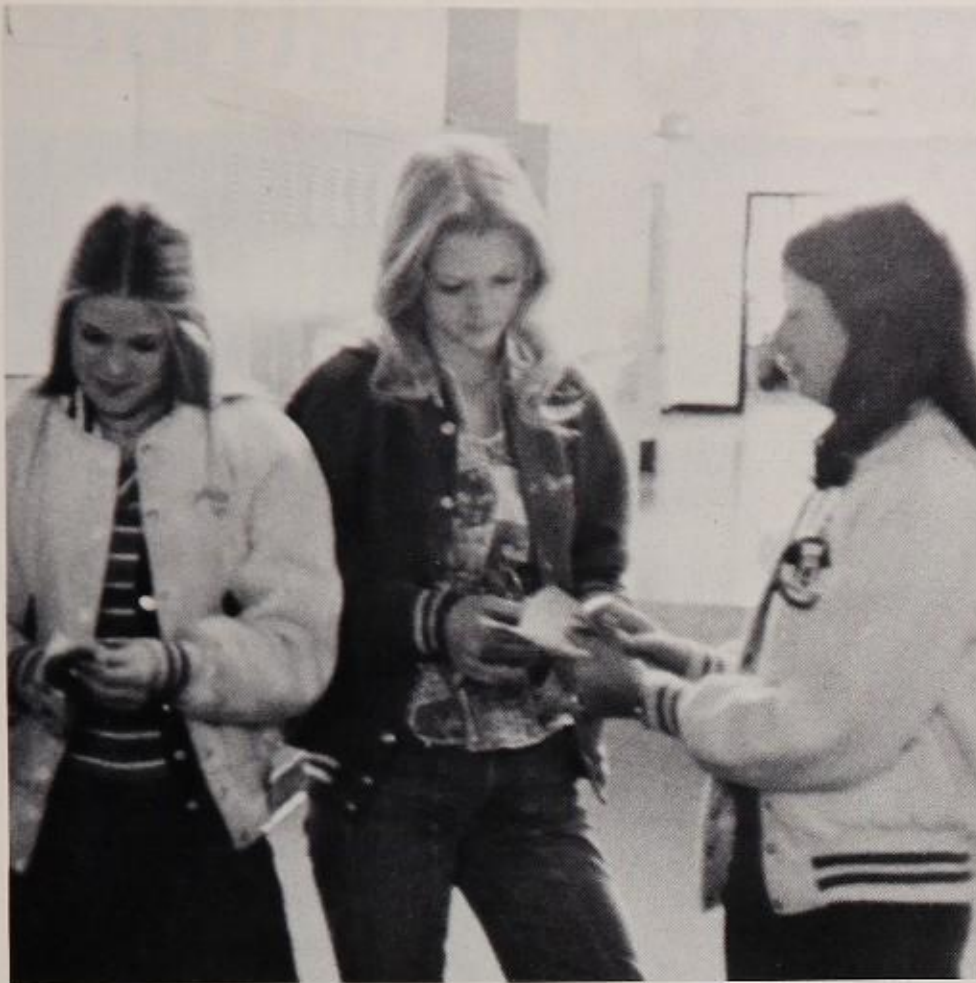

Receiving Christ involved turning from self to God (repentance) and trusting Christ to come into our lives to forgive our sins and to make us the kind of person He wants us to be. Just to agree intellectually that Jesus Christ is the Son of God and that He died on the cross for our sins is not enough. Nor is it enough to have an emotional experience. We receive Jesus Christ by faith, as an act of the will.

You can receive Christ right now by faith through prayer. God knows your heart and is not so concerned with your words as He is with the attitude of your heart. The following is a suggested prayer:

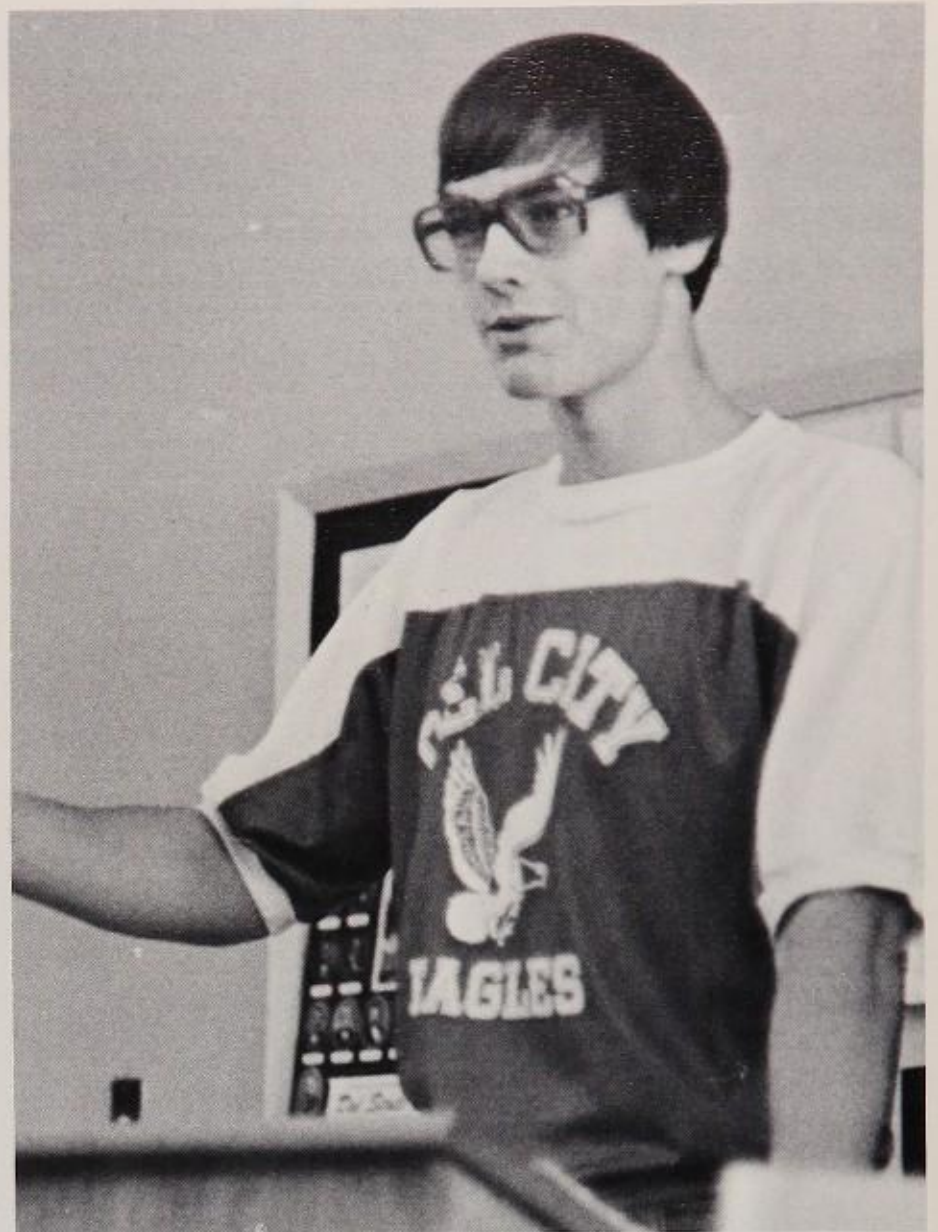

"Lord Jesus, I need You. Thank you for dying on the cross for my sins. I open the door of my life and receive You as my Saviour and Lord. Thank you for forgiving my sins and giving me eternal life. Take control of the throne of my life. Make me the kind of person You want me to be."

Does this prayer express the desire of your heart? If it does, pray this prayer right now, and Christ will come into your life, as He promised.

Life at It's Fullest

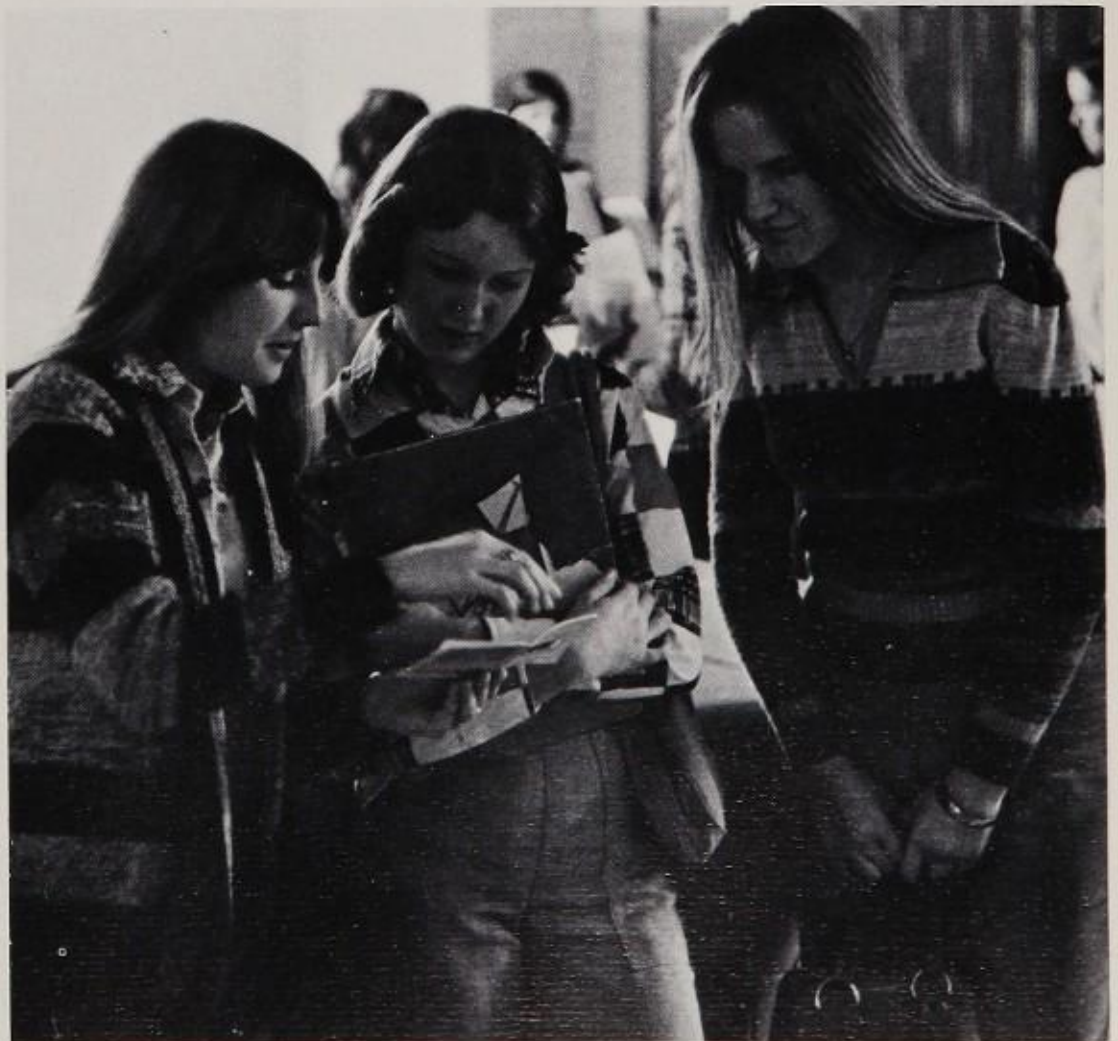

Robin Ellis takes her stand for Christ as Pep Club Chaplain.
"For I am not ashamed of the gospel of Christ" (Romans 1:16)

As Youth for Christ President, Frank Gray leads others to Christ.
"Teach these great truths to trustworthy men." (II Timothy 2:2)

Jeff Mann uses his Bible as a tool for Jesus.
"For the Bible is sharper than any two-edged sword." (Hebrews 4:12)

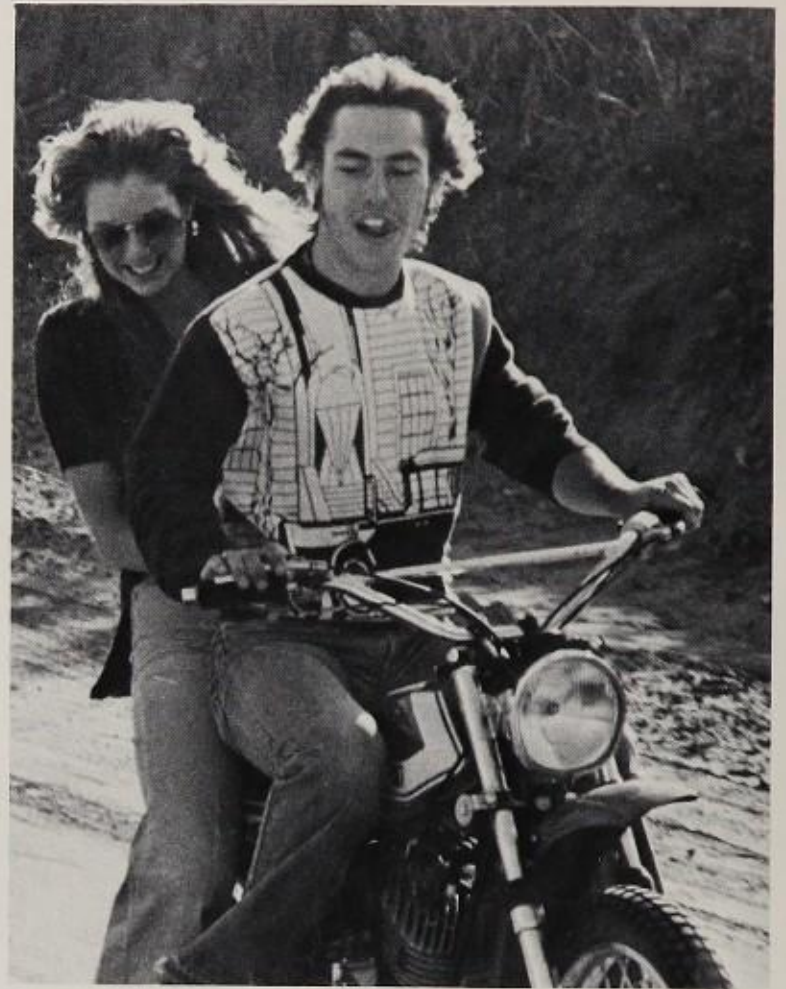

Marcia Eskew, Becky Anderson, and Sharon Dickey share Christ.
"Ye shall be witnesses unto me." Acts 1:8

Life revolves around spare time

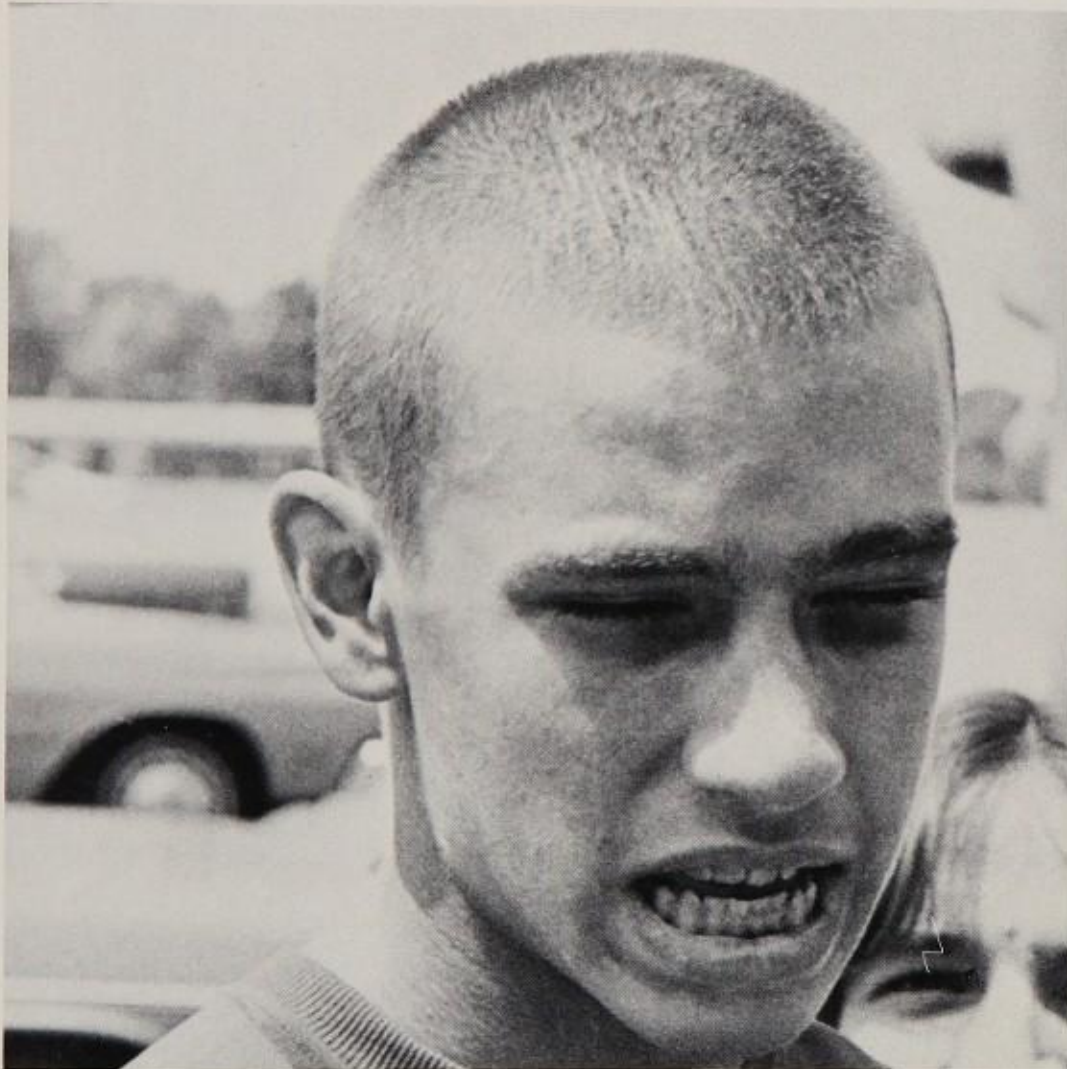

Spare time and C.B.'s seem to go hand and hand this year. People, young and old alike, have been turning on to C.B.'s more than ever before.

The language has also swept the country. Everywhere one goes, one hears phrases like "Good Buddy", "Smoky Bears", "picture takers", "green stamps", and probably the most familiar of all is "10-4".

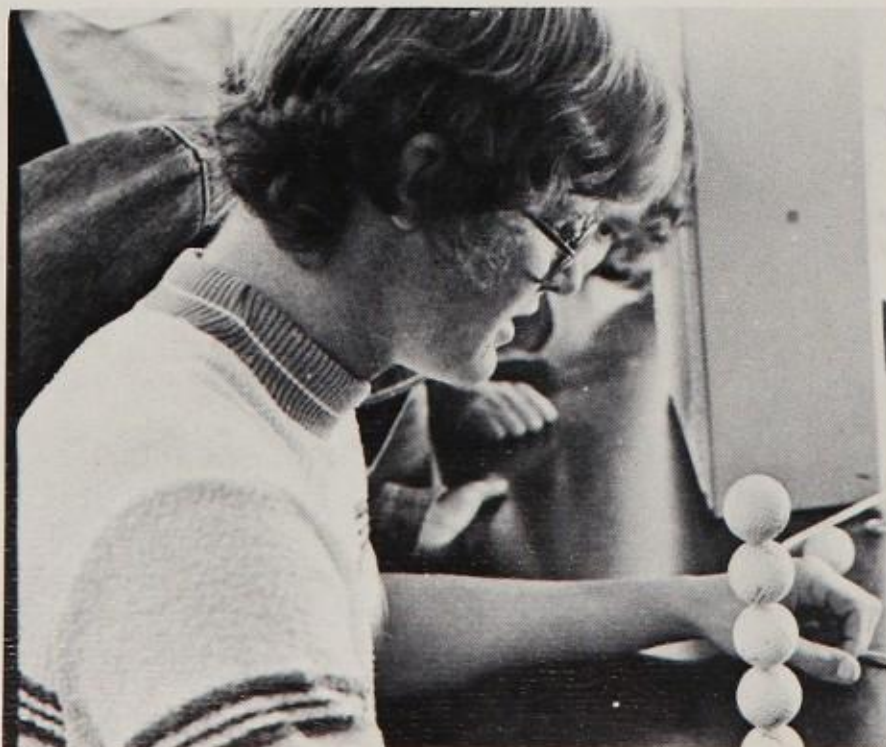

Though C.B.'s are really rising, they aren't the only way DCHS students spend their spare time. Many of them are in sports and clubs, while others are busy with jobs and dates. And of course, some boys spend many of their hours under the hood of a car getting ready for that big race on Saturday night.

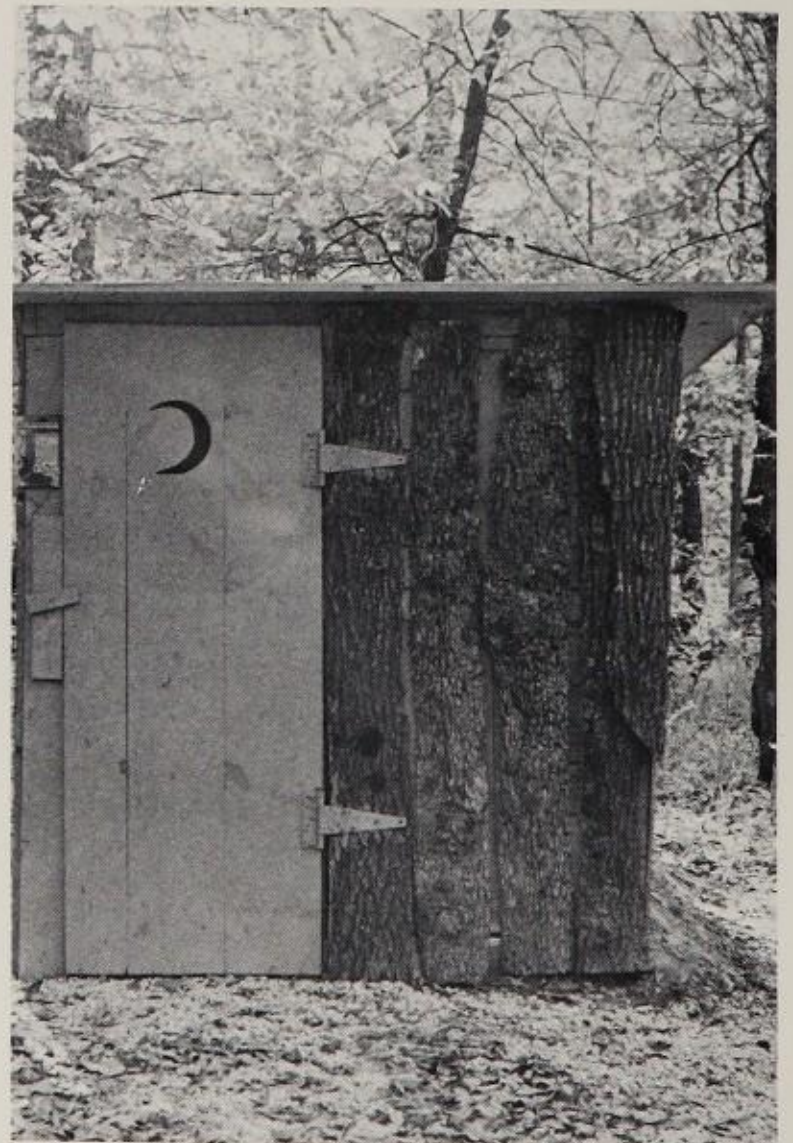

David Walkup and Jan Jaqua enjoy spending their spare time riding around the Lake.

Tony Ellis almost cries when he sees himself.

Spirit Soars High

Spirit at DCHS ran sky-high this year. Students became involved in a wide variety of activities. Many students who had never been involved in their school found out how much fun it was to be a part of the action.

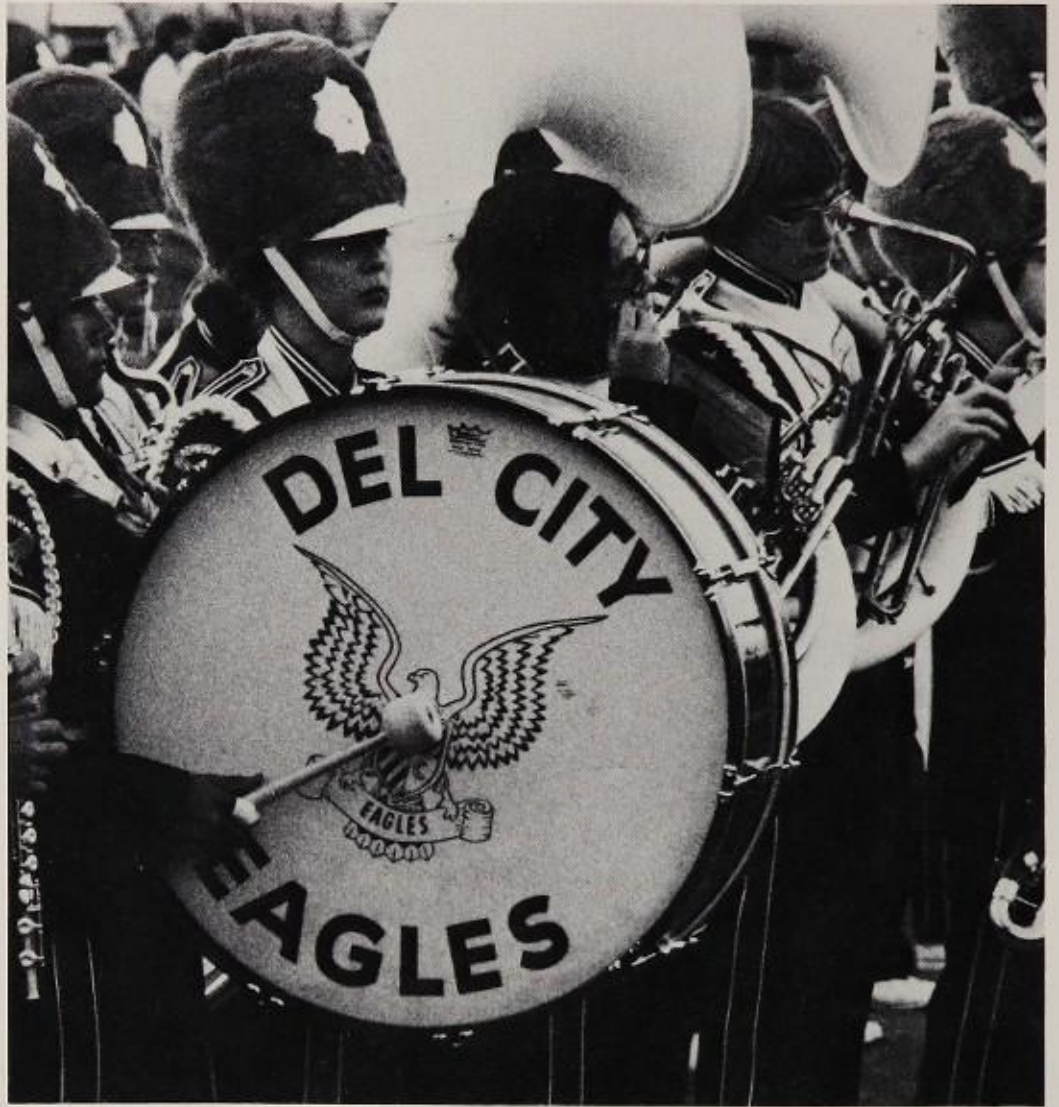

The Rednecks, who became an official club this year, were one of the most spirit-filled groups around. They added amusement as well as spirit with their slightly different cheers.

The football team themselves, added such a sense of enthusiasm that the whole school could feel the excitement.

The cheerleaders and pep club certainly did their part. They supported the team at games and at pep rallies. They spent much time decorating houses and making favors.

The Band was a big factor as far as spirit was concerned. The music was lively and added that extra touch to the games and pep rallies. The Drill Team added sparkle to the pre-game and halftime shows with their flag routines and shiny red satin uniforms.

The warm and exciting spirit of winning left the students with a true feeling of unity.

Eagles Humiliates Bombers

In a triumphant victory the Del City Eagles degraded their archrivals, the Midwest City Bombers with a score of 25-7.

The game was played at Rose Field, October 8, 1976, in front of a crowd of approximately 11,000 people.

According to the sports writers, this was the game of the week. It was also the sixth straight win for the number one ranked Eagles.

Although, this was a big game, according to tailback Steve Hammond, Playoffs will be the biggest games.

The week of October 4-8 was declared Beat the Bombers Week. Tee shirts were sold and the Pep Club designated each day something special from: Sneak up on them, and sock it to them', and Red and White Day.

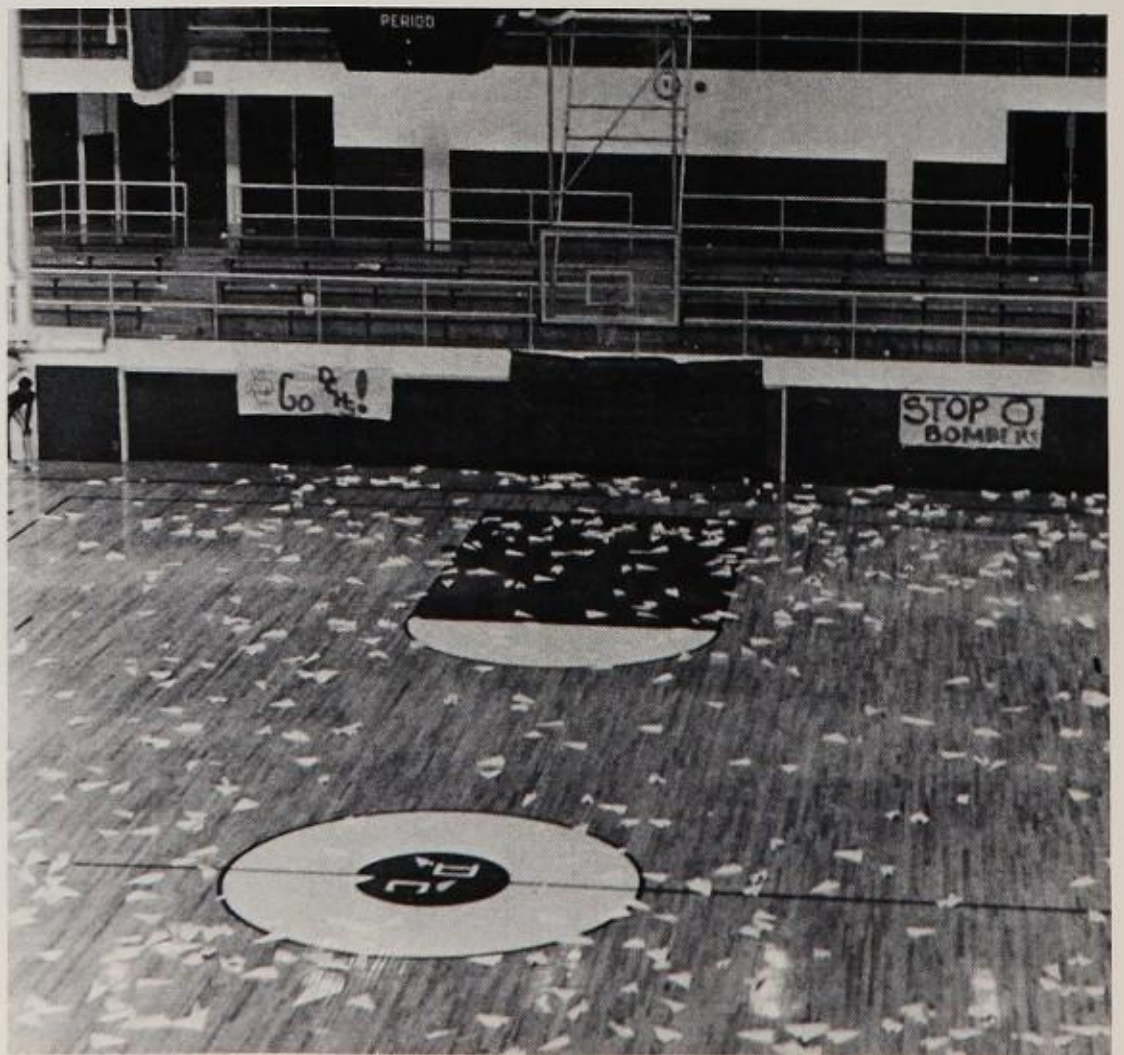

Anticipation runs high as Eagles Warm up for game against Bombers.

Personality Plus!!!

Our high school days are meant to be carefree and casual days filled with parties, sports activities, dates, and scholastic achievements. And so often we get trapped in our daily routines of school that we forget to just step back and enjoy life. Occasionally, we don't even have time for a quick smile. Sometimes we are in such a hurry that we neglect even our best friends.

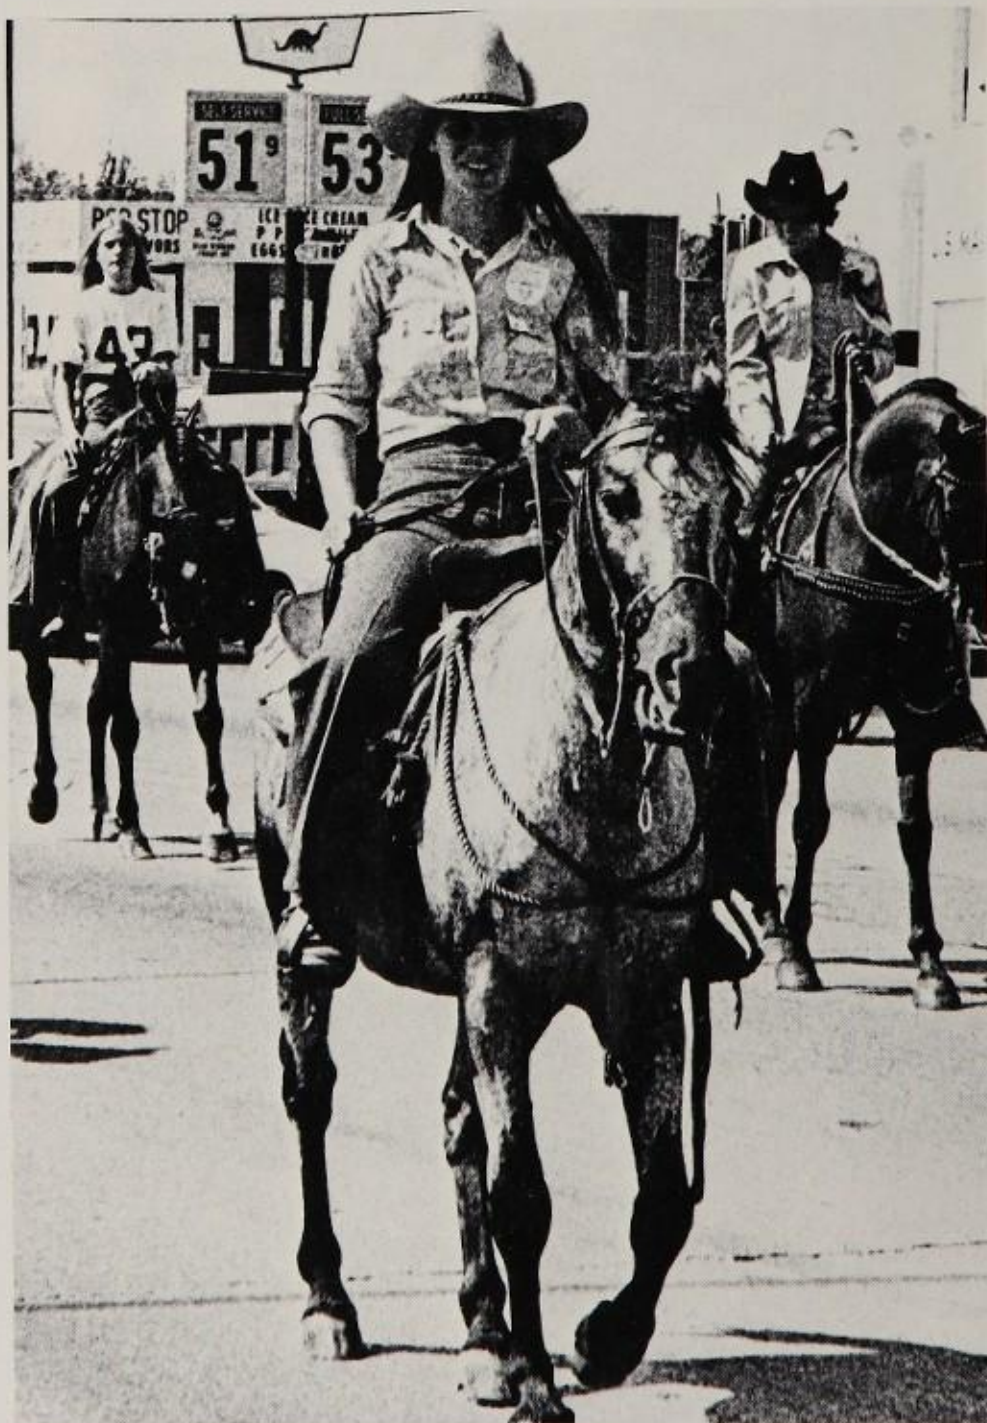

Our high school days are numbered, so let's make each one of them count. Let's slow down and just have a good time. These are the good old days we are going to sigh over in 1995.

Don Stovall, Ralph Nice, and Roby McEuen — The three stooges

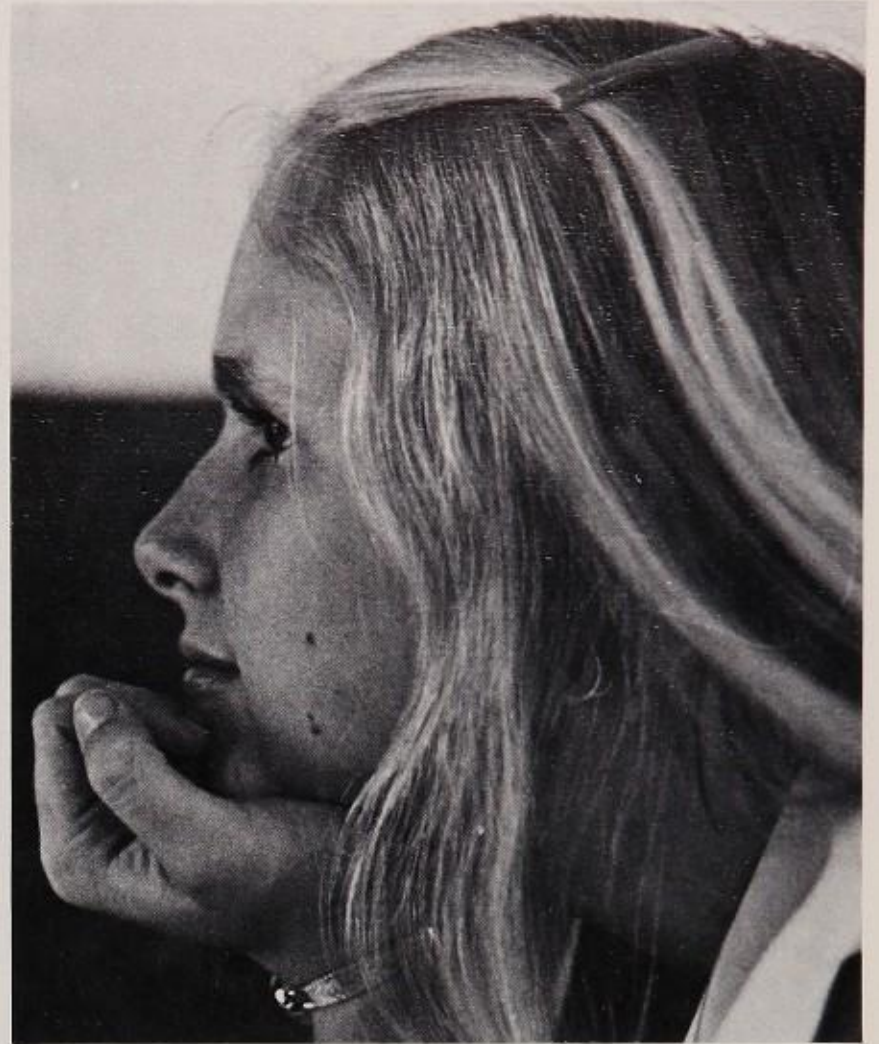

David Dotson — Head over heels in love

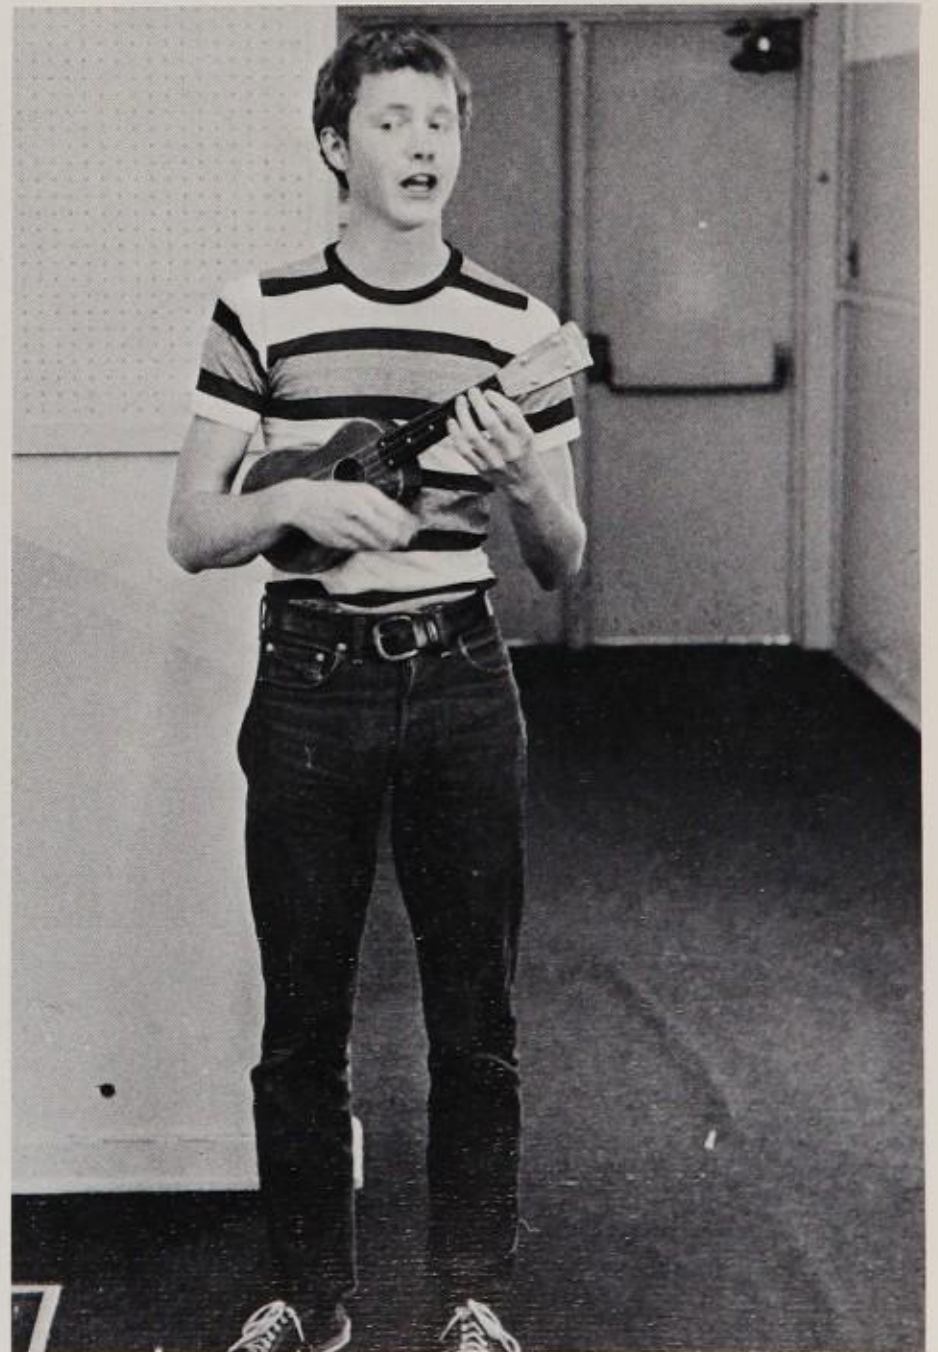

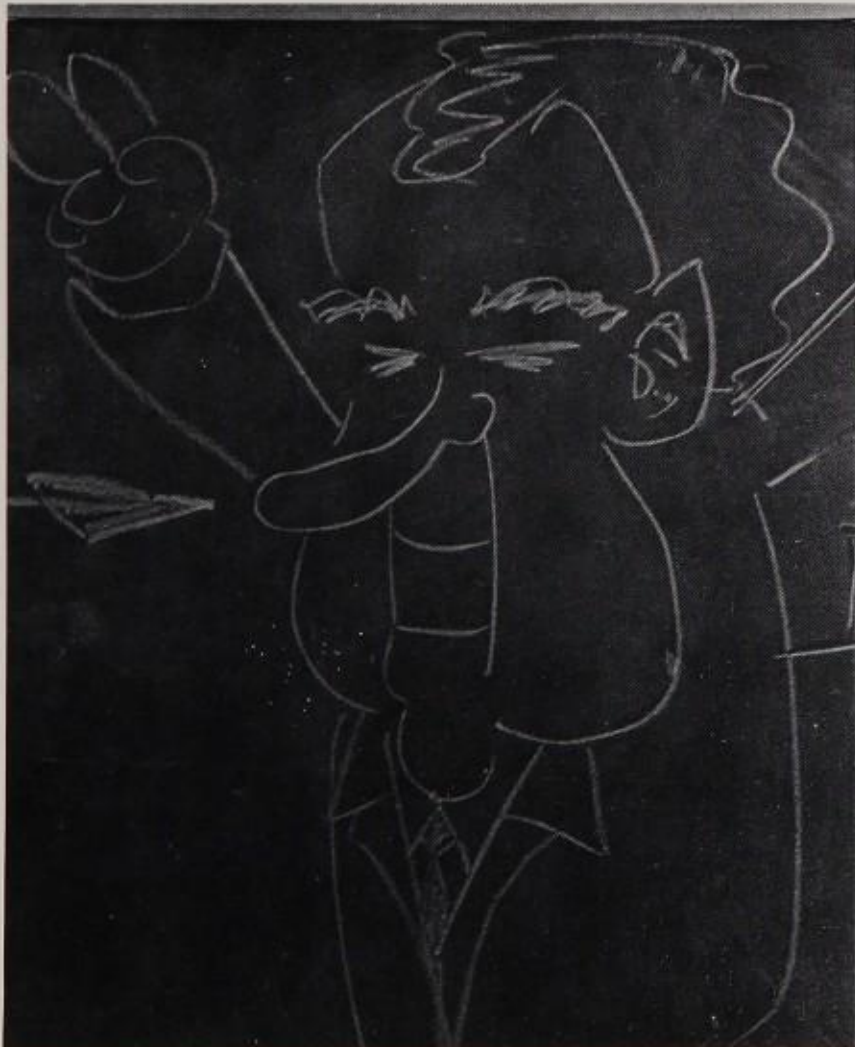

Karen Stewart — Back in the saddle again

Lynnette Charboneau — Does she ever quit dreaming about Richard?

Career Week

This year's Career Week was a success. The theme was "Experience the Future! Commitment to Life". Career Week, November 8-12, gave students of DCHS an opportunity to discover and explore various career possibilities. An assembly was held in the auditorium on Monday. The speakers were Iris Bruce, a state guidance counselor, and Frosty Troy, editor of the Oklahoma Observer. On Tuesday, sessions were held with the Oklahoma Employment Security Commission, the OSU Vo-Tech Center, the area vo-tech centers, and the Tinker Air Force Base Employment and Personnel. Representatives of four state universities — Central State University, the University of Oklahoma, Southwestern Oklahoma State University, and Oklahoma State University — came to Del City on Wednesday. On Thursday representatives from Oscar Rose Junior College, Oklahoma State University Technical Institute, and Southwestern Oklahoma City Junior College, spoke to DCHS students. The military services spoke with students on Friday. The Air Force, Army Marines, and Navy were represented. Mrs. Thompson and Mr. Richey were the coordinators for Career Week. With students and faculty working together, Career Week was enjoyed by all.

Students listen attentively during a Career Week assembly.

Mrs. Thompson was one of the coordinators of Career Week.

Frosty Troy, editor of the Oklahoma Observer, spoke to DCHS students about career possibilities.

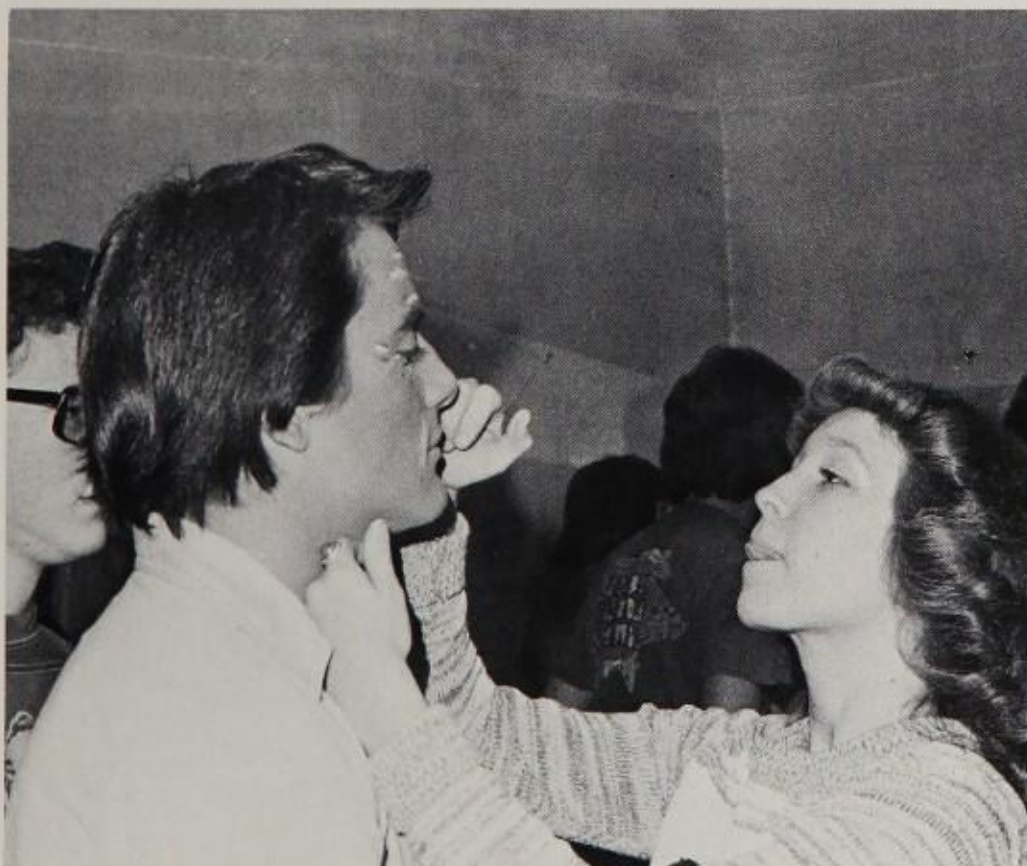

The cast spend many hours rehearsing.

This year's first play, written by Ann Rand and directed by Mrs. Long, was entitled "The Night of January 16". The main characters were portrayed by Denise Fullbright, Richard Shahan, and Wes Horton. The Student Director was Martin Marks. All the action of the play took place in a courtroom scene. The unique element of this play was that the jurors were selected from the audience. The jurors then rendered the verdict. The play, performed on November 18 and 20, was most definitely different and fascinating.

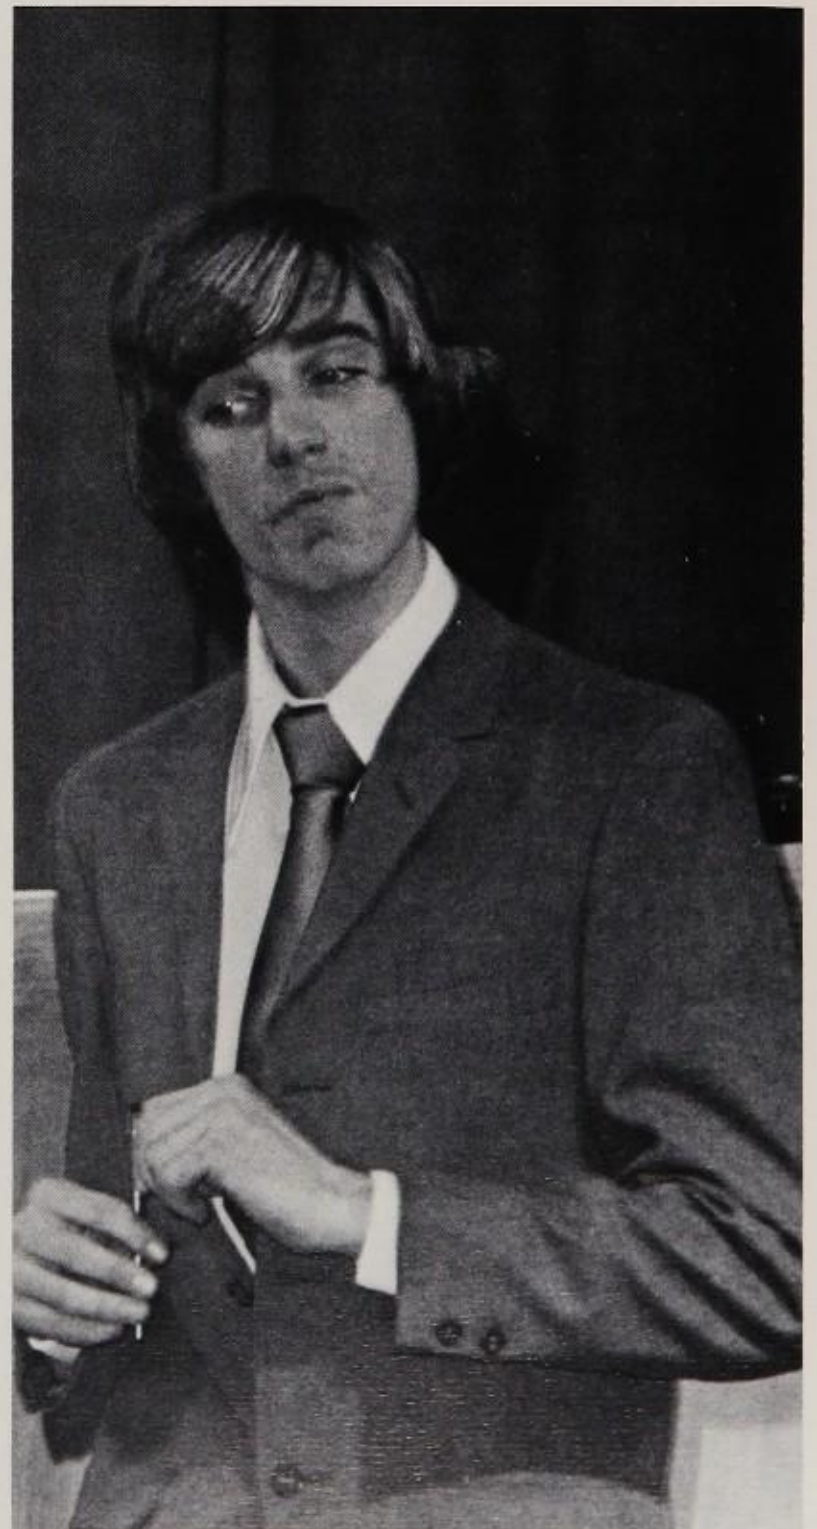

The Play Achieves Success

Bret McNeil and Kellie Sullins practice their lines.

Shelly Maichak puts the finishing touches on Dante Walkup.

The District Attorney is played by Wes Horton.

Although incumbent President Gerald Ford won by a considerable margin in Oklahoma, he lost the national election to Governor Jimmy Carter of Georgia. Approximately 51% of the vote was for Jimmy Carter, as opposed to 48% for President Ford. Eugene McCarthy received 1% of the vote. Yet, only 55% of the voting-age citizens even voted.

After the resignation of President Nixon, Gerald Ford became the 38th President of the United States. He was the first man to ever become President without having been elected President.

Jimmy Carter's rise from the peanut fields of Georgia to the White House was a very sensational political success story. His campaign theme, "Leadership, for a Change", attracted many voters.

For the Eagles football team it all started on a very hot and humid day, August 12, with two-a-days, and ended on that cold, wintery night, December 3, with the State 4-A Championship Final Playoff game against Putnam City West.

The team, composed of approximately 50 striving young athletes, fought their way through the heat and the cold to end the season 12-1, and to become state champions.

The downfall to Edmond only made the Eagles more determined than ever. They weren't use to losing and they vowed to never be on the bottom again. Through determination, skill and lots of hard practicing they kept their vows.

In the playoff games the Eagles defeated the Muskogee Roughers 21-13, Moore Lions 28-7, and Putnam City West 27-3.

Students Communicate

Included in the language arts department were all English courses, which were a requirement for all students to graduate. Creative writing, mythology, and the Bible as literature were also included in this department. Journalism courses fell into the language arts category. These courses were Journalism I and III (Eagle Beacon Staff), yearbook, mass media and communications.

"The main reason I took Creative writing was to learn the structure of short stories. The course teaches the basic techniques and then lets you incorporate your own writing style within them.

Vicki Marsh, Creative Writing

"I like to wonder what it was like back a long time ago. Sometimes I can almost believe that there were gods like Apollo and Zues. Also the way some of the stories in mythology relate to the Bible gives you two views and then you laugh at how someone could believe the other view."

Darcy Winter, Mythology/Bible Lit.

"By being a high school journalist, I can meet many people I never knew before."

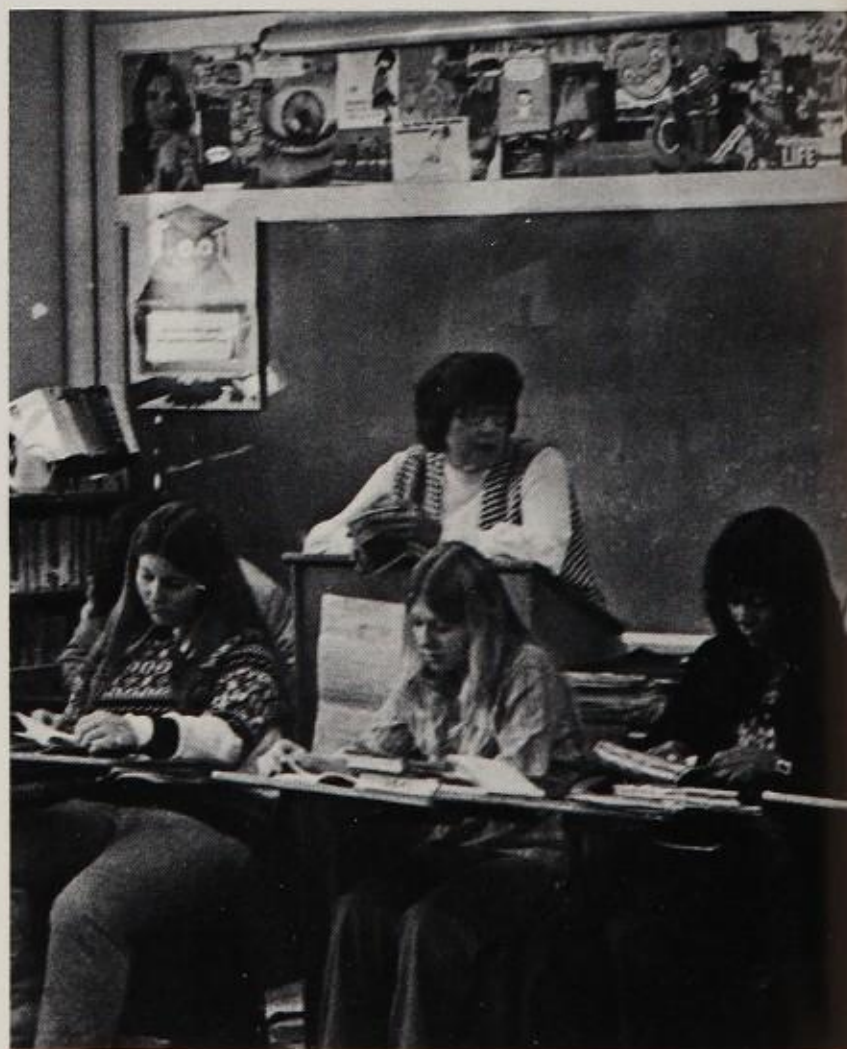

Kimi Predmore, Eagle Beacon Staff

Reading literature was a major part of senior English in Miss Mullen's class.

Foreign languages taught the students a language as well as a culture. Included in this department were three widely spoken foreign languages: Spanish I, II, III and IV; French I, II, and advanced French; German I, II, and advanced German.

"I took this course mainly for college purposes. Now, I'm not only interested in learning the language, but I'm interested in learning about the people and the country as a whole. French is not an easy language, but Mrs. Dilling teaches it in such a way that it comes to us easily."

Martha Swinney, French

"I took German because I wanted to learn a foreign language, thus increasing my English ability. The course has been promising and I will probably take it again in my next two years at this school."

John Bolin, German I

"There are so many opportunities open to bilingual people, not only just as teachers, but as social workers, translators, and many governmental positions. Besides, it makes you feel important when you can say, 'I'm bilingual!'"

It Helps to Know A Little

The history department this year consisted of a variety of courses in which students got a better understanding of the world, themselves, and others. The courses offered this year were American history survey, modern European history, two American histories, psychology, political behavior, anthropology, sociology, law and justice, and human relations.

"I took this course because I get into human minds and how they function."

Brian Edwards — Psychology

"I think anthropology gives me the insight to examine the person as he lives which leads to the understanding of his actions. I intend to make anthropology my life work. I hope, in later years, some people will take more interest in anthropology because it may be the path to save our world."

Jim Mayer — Anthropology

"I thought I would learn, essentially, about the recent past and current affairs of one of the most politically dominant continents of the world."

Susie Peterson — Modern European Hist.

"I took world history because I like to study and learn about the prehistoric man and the stages that he went through in order to develop a civilization."

Cynde Griffen — World History

"I think it's a challenge to learn about people from other parts of the world, their customs, and beliefs. I would like to learn more about world affairs."

Ricky Spriggs — World History

"I think that world history is a lot of fun. I like learning about civilizations and how they started."

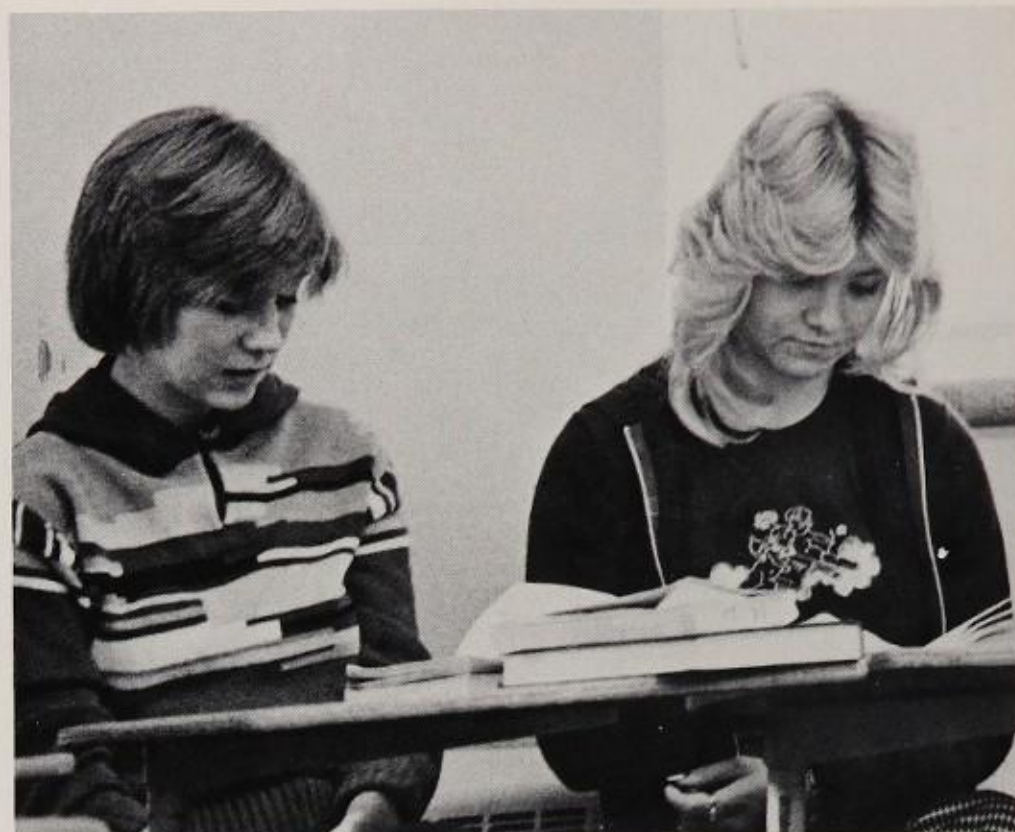

Robert Unger — World History

"I took history because I wanted to learn how the ancient civilizations started. Also, I wanted to learn about the artifacts that have been found. Now that I'm in the class, I think it is very interesting."

John Sasser — World History

"I took history because I'm planning on becoming a history teacher. I think it is interesting and I like it. I think I can learn a lot from it."

Student Analyze

As one of the most developed science programs in the state, the science department offered a broad range of subjects. Courses offered were biology, advanced biology, chemistry I and II, astronomy, aeroscience, earth science, physics and physiology.

"I took Chemistry I because I thought it would help on the ACT. I think it's quite interesting in that chemistry is all around us in everything. We really take advantage of the scientific knowledge that we have around us."

Ron Ogle, Chemistry I

"I took Chemistry II because I enjoy chemistry. It is also what I plan to major in when I go to college. I am glad Del City has a second chemistry class. It gives those who excel in it a chance to understand chemistry's many aspects better. I also happen to think Mrs. Flood is the best teacher at Del City."

Ken Roseboom, Chemistry II

"I like this course because we're not just studying parts of the body and other living things, but we're studying the problems faced by man today, like the population explosion."

Tami Collins, Biology

"Physiology is a mind-stimulation subject of the study of the human body and it's function. I took it because it is a specific, specialized course which is in depth and thorough."

Pamela Osburn, Physiology

This Algebra II class relaxes before getting down to work.

Nancy Partin works studiously to complete a geometry assignment.

Working on assignments together is acceptable in a trig class.

Mathematics was a well-developed department. Students were offered a wide variety of courses. These courses included high school math, advanced high school math, algebra I and II, geometry, trigonometry and analytical geometry and math analysis.

"I took this class because I like math and it is pretty easy. I expect to get credits out of this course."

David Blansett, High School Math

"The reason I took advanced high school math is I like math and I figure I might as well take all the classes I can get to help me get the highest grade of diploma."

Debbie Harris, Advanced High School Math

"The credits from this course are needed for me to graduate and will help me with my military career. Algebra is one of my favorite subjects."

Dorothy Thompson, Algebra I

"I took Algebra II because I think that math is one of the most important subjects in school. No matter what career you choose math is involved. For this reason, I am going to take all the math that I have the opportunity to take. Even though math is important, it is also fun and mostly easy (if you try at all). There are so many different types of math and I think Algebra is the most fun."

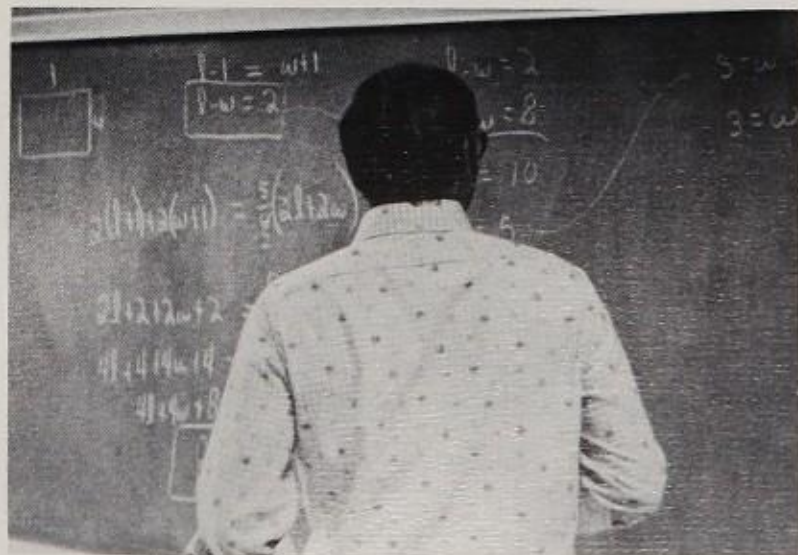

Richard Bassler, Algebra II

"I took trig because I wanted to take an interesting math class. I wanted to learn something new, but I wanted to have fun while I was learning. I didn't want a boring math class where you go in, sit down at a desk, and work by yourself. You can't learn if you don't ask questions and in trig you have the chance to ask questions about anything you don't understand. You're free to talk to the people around you and ask for their help. It's a friendly atmosphere and it's interesting."

Sheryl Purdon, Trig./Analytics

"I took math analysis because it is the highest math course offered at Del City that I had not taken."

Larry Sita, Math Analysis

Classes Prepare Students

The business department this year consisted of a variety of courses. A few of them were Typing I, Typing II, personal typing, Shorthand I, and Shorthand II. Also offered were Accounting I, Accounting II, business machines, business math, and general business. Other classes were careers, consumer economics, office practice, and record keeping. Among these business classes were two COE classes, Distributive Education I, Distributive Education II, Distributive Education III, and work supervision. The two COE classes were cooperative office education general and cooperative office education secretarial.

"I chose D.E. for one of my classes because I felt I could learn much more about businesses and how they are run."

Betty Thompson — D.E. II

"I took this course because I'd like to know a little about what is happening in the world and how everybody competes against each other. I expect to get a good idea of economics and to get to know business better."

Carrie Beller — D.E. I

"I took business machines because I plan on going into the business field. I hope to be able to work almost any ten key machine in an office after this course is completed."

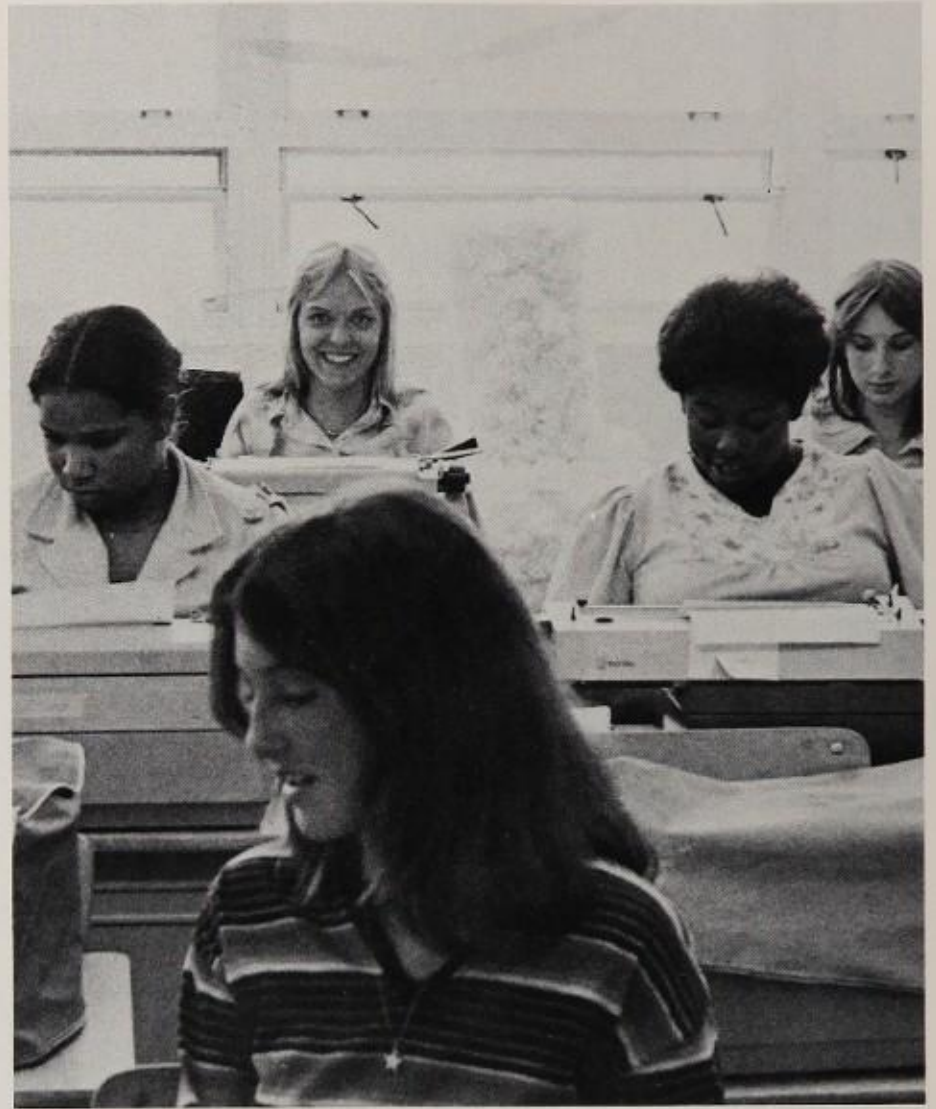

Shirley James — Business Machines

"I wanted to have experience in case I need a job and I find one as a secretary working in an office somewhere."

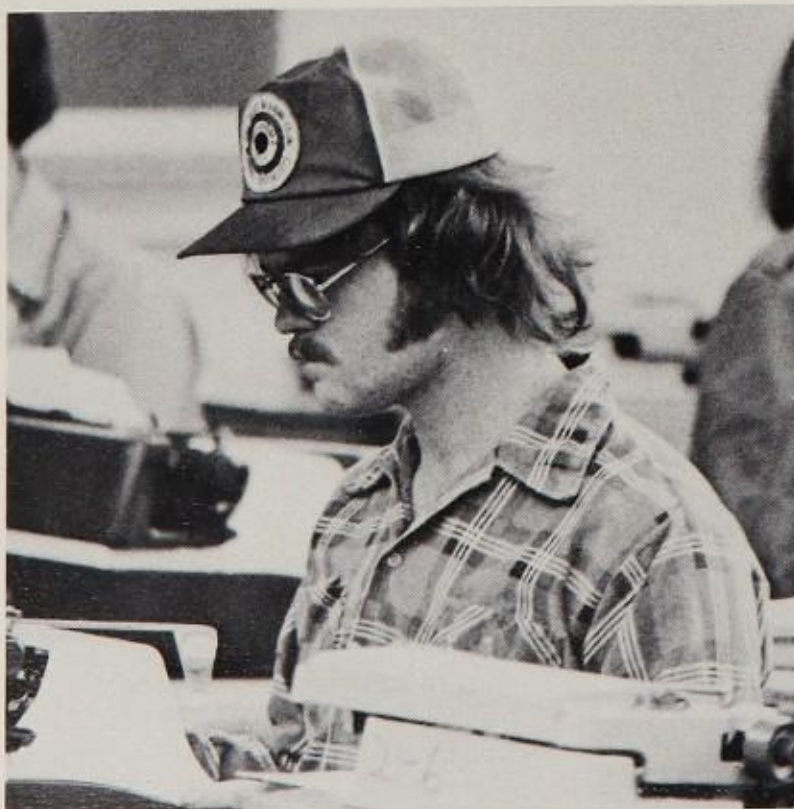

Johnna Bowden — Typing I

"I took the course because I wanted to learn how to write faster and take dictation."

Michelle Thomas — Shorthand I

It Takes Coordination

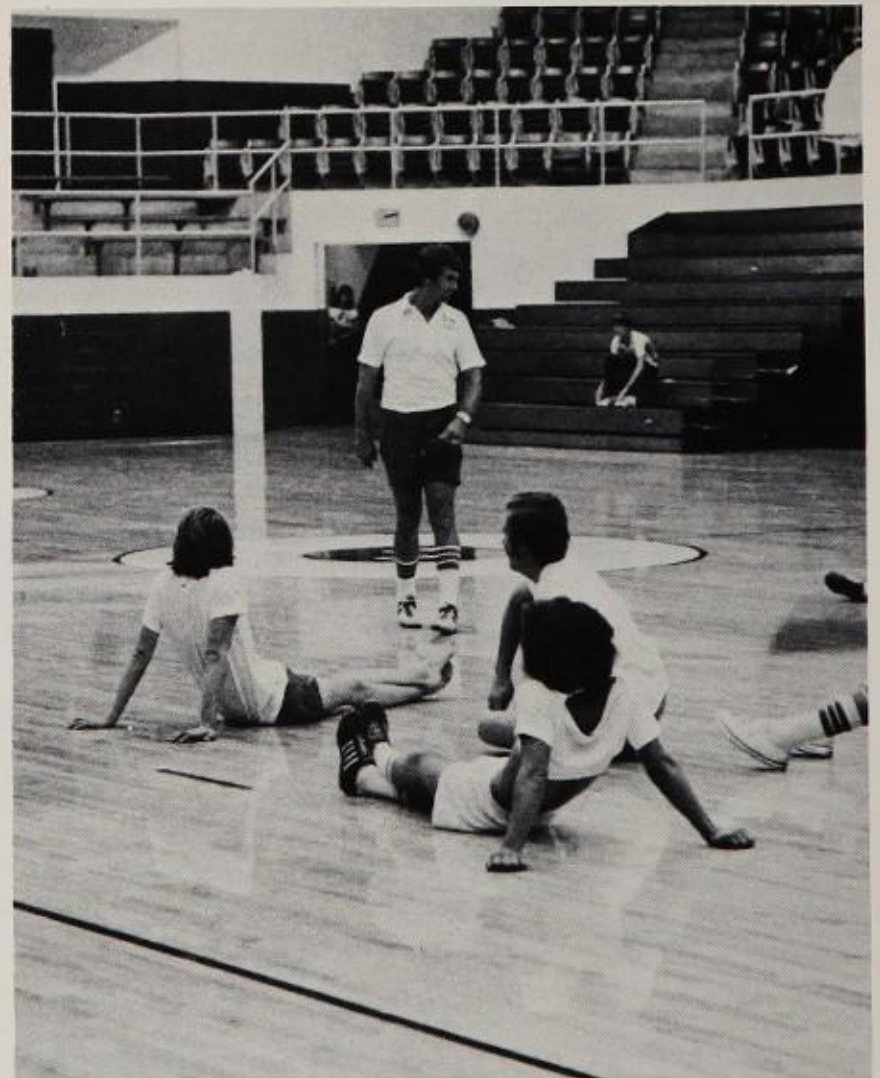

To aide students in the health, safety, and physical education, the following courses were offered this year. Driver education, a one semester course, was designed to teach students to drive accurately, and safely, and defensively, and to know the rules of the road. Health education, was designed to emphasize the health knowledge and practices needed for effective living. Physical education was a one or two semester course. Competitive sports was also offered to students with the pre-requisite: approval by team coach and by the athletic director. Students had to observe the training rules and attend all practice sessions.

Students have a course in wrestling during physical education.

Mr. Fisher teaches students some basics of driving in simulation during drivers education.

Physical Education students take a rest after a basketball game.

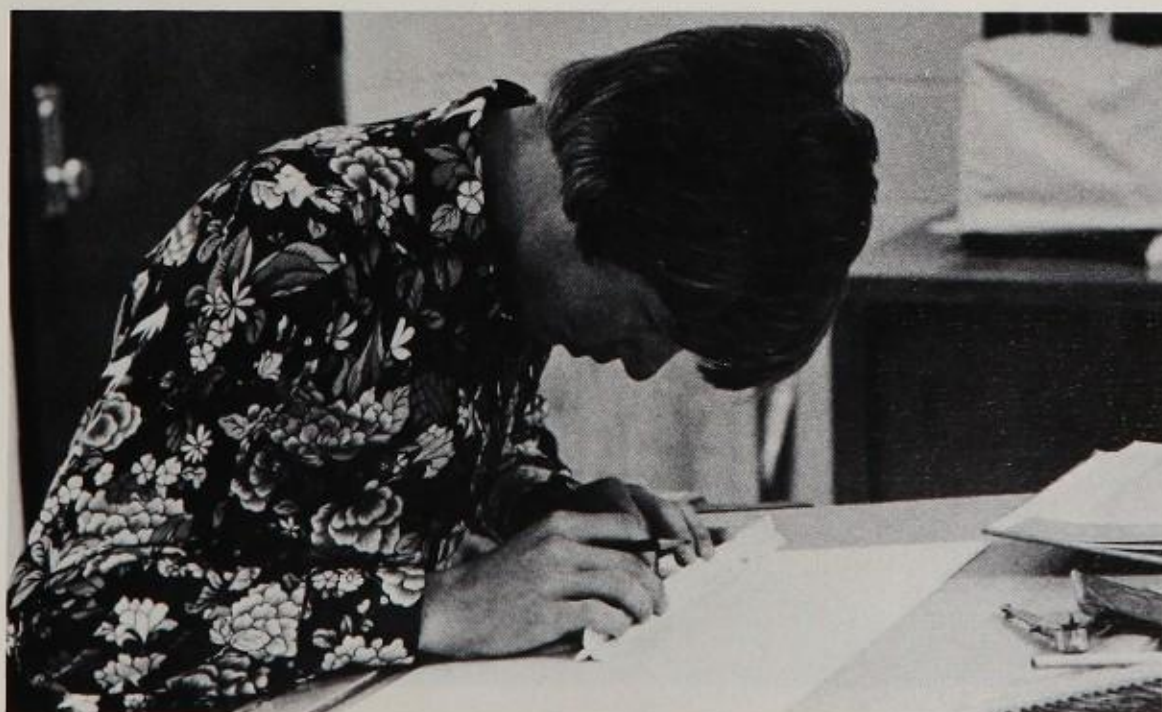

It's in the Hands

Students in mechanical drawing must have very steady hands.

A student expresses her creativity in woodworking class.

Shane Cordum concentrates deeply on his work in mechanical drawing.

Five vocation courses offered this year were Mechanical Drawing I, Mechanical Drawing II, Woodworking II, Woodworking III, and Woodworking IV. Mechanical Drawing I provided the fundamental opportunities necessary for making a success in drafting. Mechanical Drawing II could only be taken after the student had had Mechanical Drawing I and it gave the students an in depth study of the varied techniques of drafting.

Woodworking II familiarized the student with operation safety and procedures beneficial to the student and outlined a sound foundation for future work in the area. Woodworking III furthered the skills and helped the student beyond the realm of Woodworking II. Woodworking IV was designed to develop skills and thought necessary for varied application in woodworking.

Students find time to relax in their woodworking class.

There is Life After Graduation

The Home-Ec II classes covered many things including careers, foods, child development, and consumer education. Home-Ec III covered a comprehensive home economics course that included food, entertaining, clothing, housing, human relationships, and careers. Home-Ec IV was designed for senior girls and included in depth studies in mother and baby care, along with foods, nutritions, home management, and preparation for marriage and weddings.

Family living was for senior students and was designed to help students understand themselves and others in the fields of dating, love, engagement, marriages, and family relations.

Ima Reader

Students enjoyed the new reading lab that was added to our curriculum this year.

Ms. White is amazed at how some of the students progressed in the reading lab.

This year a reading lab was added to the curriculum. It was established to help students in their reading rate, vocabulary, and comprehension. Students went to the lab for three weeks.

Library science gave students a better understanding of the library and its functions. Students had tests in here just like any other class.

"I felt it was detrimental to the student and his reading abilities. I think it should have been longer."

Jan Jaqua — Reading Lab

"It was pretty neat. I thought working on your own was a pretty good thing because, you could work on things you thought that maybe you didn't do quite as well in."

Rick Fleetwood — Reading Lab

"The main reason why I enrolled in this class was to learn how to use a library properly. I have learned how to use a card file properly, and how to check books in and out, how to shelf books and a lot more. When I leave this class I expect to know how to use a library properly and the basic things needed to work in a library."

The Vocational-Technical Center of the Midwest City-Del City School District provides an educational and training opportunity for students from Carl Albert, Midwest City and Del City High Schools. The Vo-Tech subjects are three hours in length so students are scheduled three hours at the Vo-Tech Center and three hours at their high school.

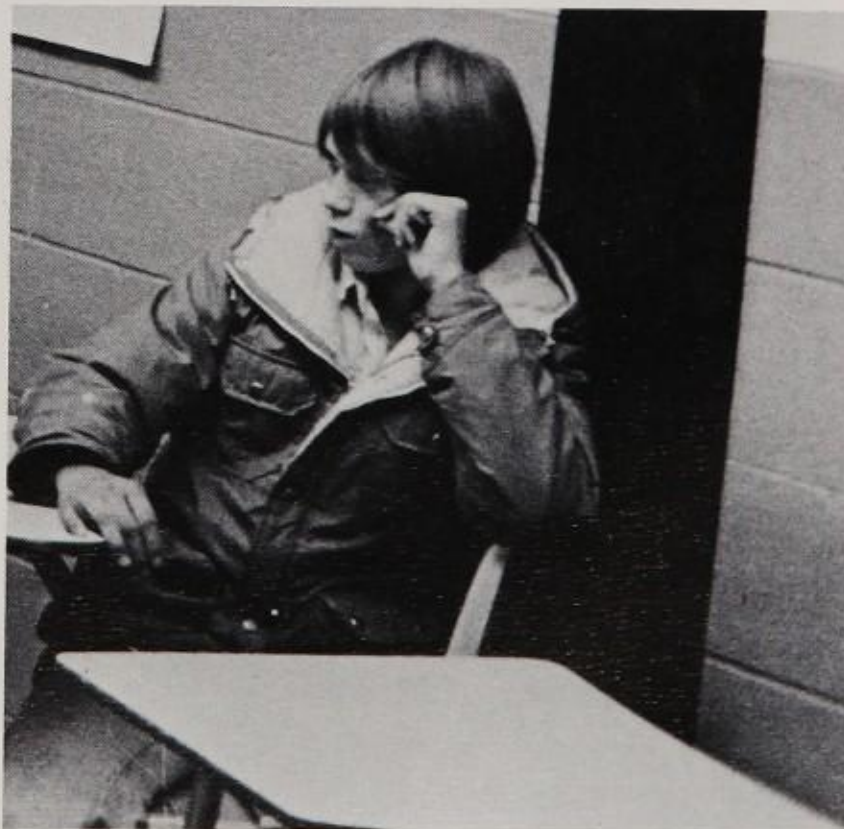

Some of the courses offered at the Vocational-Technical Center are auto-mechanics, nursing, carpentry, electronics technology, plumbing, health careers, cosmetology, drafting technology and many others.

"Health Careers is a very exciting class. I liked the week we learned First Aid. We learned what to do in emergencies like shock, severe bleeding, burns or accidents in vehicles, and how to bandage the wounds. In November we go to Four Seasons Nursing Home and everyone is given a certain patient to just be a friend to by reading to them or playing cards or anything they want to do. By the end of the year I should have a good idea of what field in health careers I would like to go in to."

— Chris Sturgis/Health Careers

"Vo-Tech is a place where a person can learn a vocation like auto-mechanics. In this class you learn the basics of overhauling, tune-ups, and transmission repair. There are two parts to this class; class work and shop work. In the classroom you do basic things like everyone here at Del City High. But the shop work is a different thing. You get a chance to do all sorts of jobs pertaining to cars. This course is real beneficial to getting a very good paying job and it's very much worth the time of three hours everyday.

Music Students Develope Their Talents

Mr. Buswell directs traffic.

Del City High has one of the finest music departments in the state. The band, under the direction of Mr. Buswell and Mr. McLennan, has been doing a super job this year. The students in the band have a chance to improve their talent. At 7:00 each morning the band has early practice. Throughout the day Mr. Buswell and Mr. McLennan teach classes in brass, percussion, woodwind and stage band.

Mr. Staton instructs classes in mixed chorus, music theory and Del Aires. In mixed chorus the students work together as a team in performing music. The fundamentals of music and how it is written is learned in music theory. The Del Aires is a select group of students with very good voices.

"I like band this year because of the spirit that the members have and the unity of friendship that we have. We have a band director who expects 100% out of each kid and that's good."

— Eddie LaPonsie/Band

"I like vocal music because it gives me a chance to sing with people. I also enjoy it because it's different from my other classes but it's hard work."

— Bill Holder/Mixed Chorus

"Music theory gives me a chance to learn some of the rules and fundamentals necessary to sing music more effectively."

Analytical Thinking Is Learned

Stacy Wise studies for her speech class.

David McFarland delivers a speech.

Speech is a class which mainly helps students learn to communicate better. Basic fundamentals of the structure of a speech and application in presentation of various speech situations the student might face in adult life are the main things that are taught in this class.

Debate teaches one the basic structure, vocabulary, strategy and organization of a debate. The students also have classroom debates they each participate in. Mrs. Griffin teaches the speech and debate classes.

"I took Debate because I had taken Speech I last year and I enjoyed it so I decided to take Debate this year. Speech is helpful because it helps me to be able to talk to a person, to carry on a conversation in a clear manner. Debate helps me to speak in a discussion group. I can speak in a clear and logical manner and bring out my ideas whereas otherwise I couldn't because I was afraid or bashful. Both Speech and Debate are good courses to take. Mrs. Griffin is an outstanding teacher and I thank her for helping me learn these courses.

Students help each other with their parts in drama.

Mrs. Long teaches classes in competitive speech and drama, play production and Drama I. This class is also a combination of Drama II and III. The drama portion of the class appeals to students interested in performing before an audience. Students learn basic acting techniques, stage movement, creating and acting in modern plays.

In play production students learn how to produce a play. Technical aspects of a play such as lighting, set design and building are taught in this class.

Drama I is designed to be a practical application of drama. Students have assignments in the form of pantomimes, improvisation and discussions.

"I enjoy drama because it gives me a chance, when on stage, to be someone I could never be or want to be in real life. You can learn to understand other people and their ideas. Drama is more of an experience than a class."

— Denise Fullbright/Competitive Speech and Drama

"I took this course because I wanted to learn what goes on behind the scenes as well as on the stage. I expect to receive practical experience working with lights, sound, costumes, ect. This is an exciting class I encourage all to take."

— Sandy Graham/Play Production II

Students Express Themselves

Pam Davis works on her macrame.

The art classes teach students the different styles of art and give students a chance to express themselves. Some of the things taught in this class are techniques and skills of art such as drawing, painting, color values, lettering and simple graphics. The students have lots of fun in this class and at the same time are developing their talent and artistic skill. Mr. Voght, Mr. Aaron and Ms. Sauer teach Art I, II, III, IV and Arts & Crafts I, II and III.

Dennis Newman takes time out to pose for a picture.

Mr. Dixon and Mrs. Albertson work with the students as teachers and counselors. They assist in finding jobs.

As work program coordinator, Mr. Dixon coordinates study and work programs for each of the students. The students are taught on an individualized basis. Mr. Dixon and Mrs. Albertson work on group and individual activities teaching reading, spelling, grammar, math, life science, social studies and vocations.

Ms. Morehead is the deaf education teacher. The students are taught basic skills and also experience in career planning and finding jobs. Students are given a chance to learn sign language, lip reading, speech, and auditory training. The students go to their elective courses fifth and sixth hours.

Again this year Mr. Leo Holland was seen getting students and faculty to present their opinions of our school. Mr. Holland was very concerned that students had an opportunity to get the most out of their high school education. Mr. Holland was proud of the students for getting involved in the school activities both on and off the campus. Mr. Holland adapted to our school without any problems because of his experience as a teacher and being our principal last year. We're proud to have such an energetic quartet in the counselors' office again this year. Our counselors found themselves in a web of constant work. The counselors worked very hard to meet a goal of unity at Del City High. Last year they were flooded with student schedule changes, but not this year because of the new rule applied to the students in which there were no schedule changes after mid-August. The counselors had a busy year with orientation, the ACT and PSAT/NMSQT tests and meetings for seniors with college representatives from various universities across the state. Each counselor had several hundred students, but took time for the individual.

An a la carte line served such delicacies as chef salads, sandwiches, french fries, and rolls. A popular addition to the cafeteria was the malt machine.

The work of the custodians was appreciated by all. They worked night and day to keep the clutter out of the halls and various other maintenance chores that are necessary to keep the wheels of education turning smoothly.

soph·o·more (sof'ə·môr) *n.*

Many Sophomore students entered DCHS this year, not knowing what to do or where to go. They entered high school as young teenagers at heart, but will leave in a short while as young men and women planning their future. High school will help to guide them to the outlooks on life they want and will make them grow up quick.

As they walk into school each day, they don't see a change in themselves, but when they walk out of DCHS for good they will know the difference.

They will have no reason to ever come back to their alma mater except to see a younger brother or sister graduate or to visit a teacher that they use to have.

A sophomore is laughed at and ridiculed from the first day that he walks into the door of the school. Yet, in a year or two later he will be the one poking the fun.

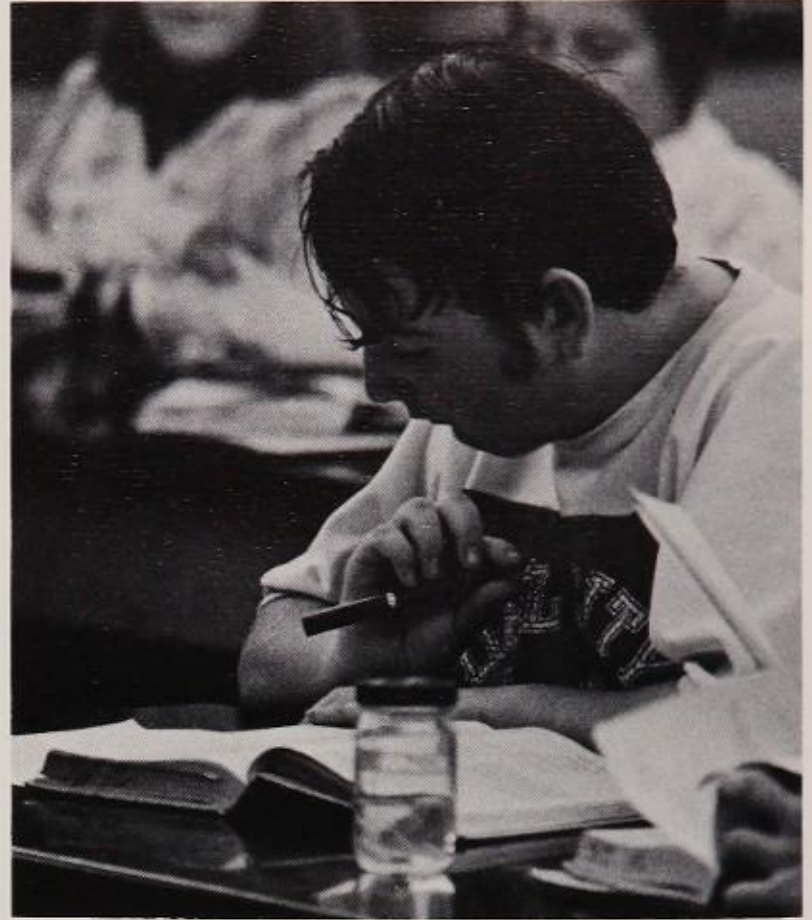

Sophomores have many things to learn and being a student at DCHS or any other high school is a good place to start.

A whole new set of teachers, classes, new friends, a new building to get use to, and many other changes meets each new sophomore at the front door of DCHS. These things he must get acquainted with and by the time that he does he will be called a senior.

Juniors?
 you only have one year left to show your pride at D.C.H. Pete DeFise
 It's hard to say how good my junior year at Del City has been! Kathy Tilly
 I pledge the fifth amendment. Mickey Goodner
 It's been really fun! I can't wait until next year! Cindy Nelson
 loved every minute of it!

This years football team was Gr-reat! Krisonda Canfield
 200 years of our country. 25 years of D.C.H.S. and 17 years of us. This was the best so far. Rick Nobles

Don't drop out! Drop in! Drop your DeFise! The nicest thing we have is our freedom. Cathi Dodd
 I am not a kid anymore!

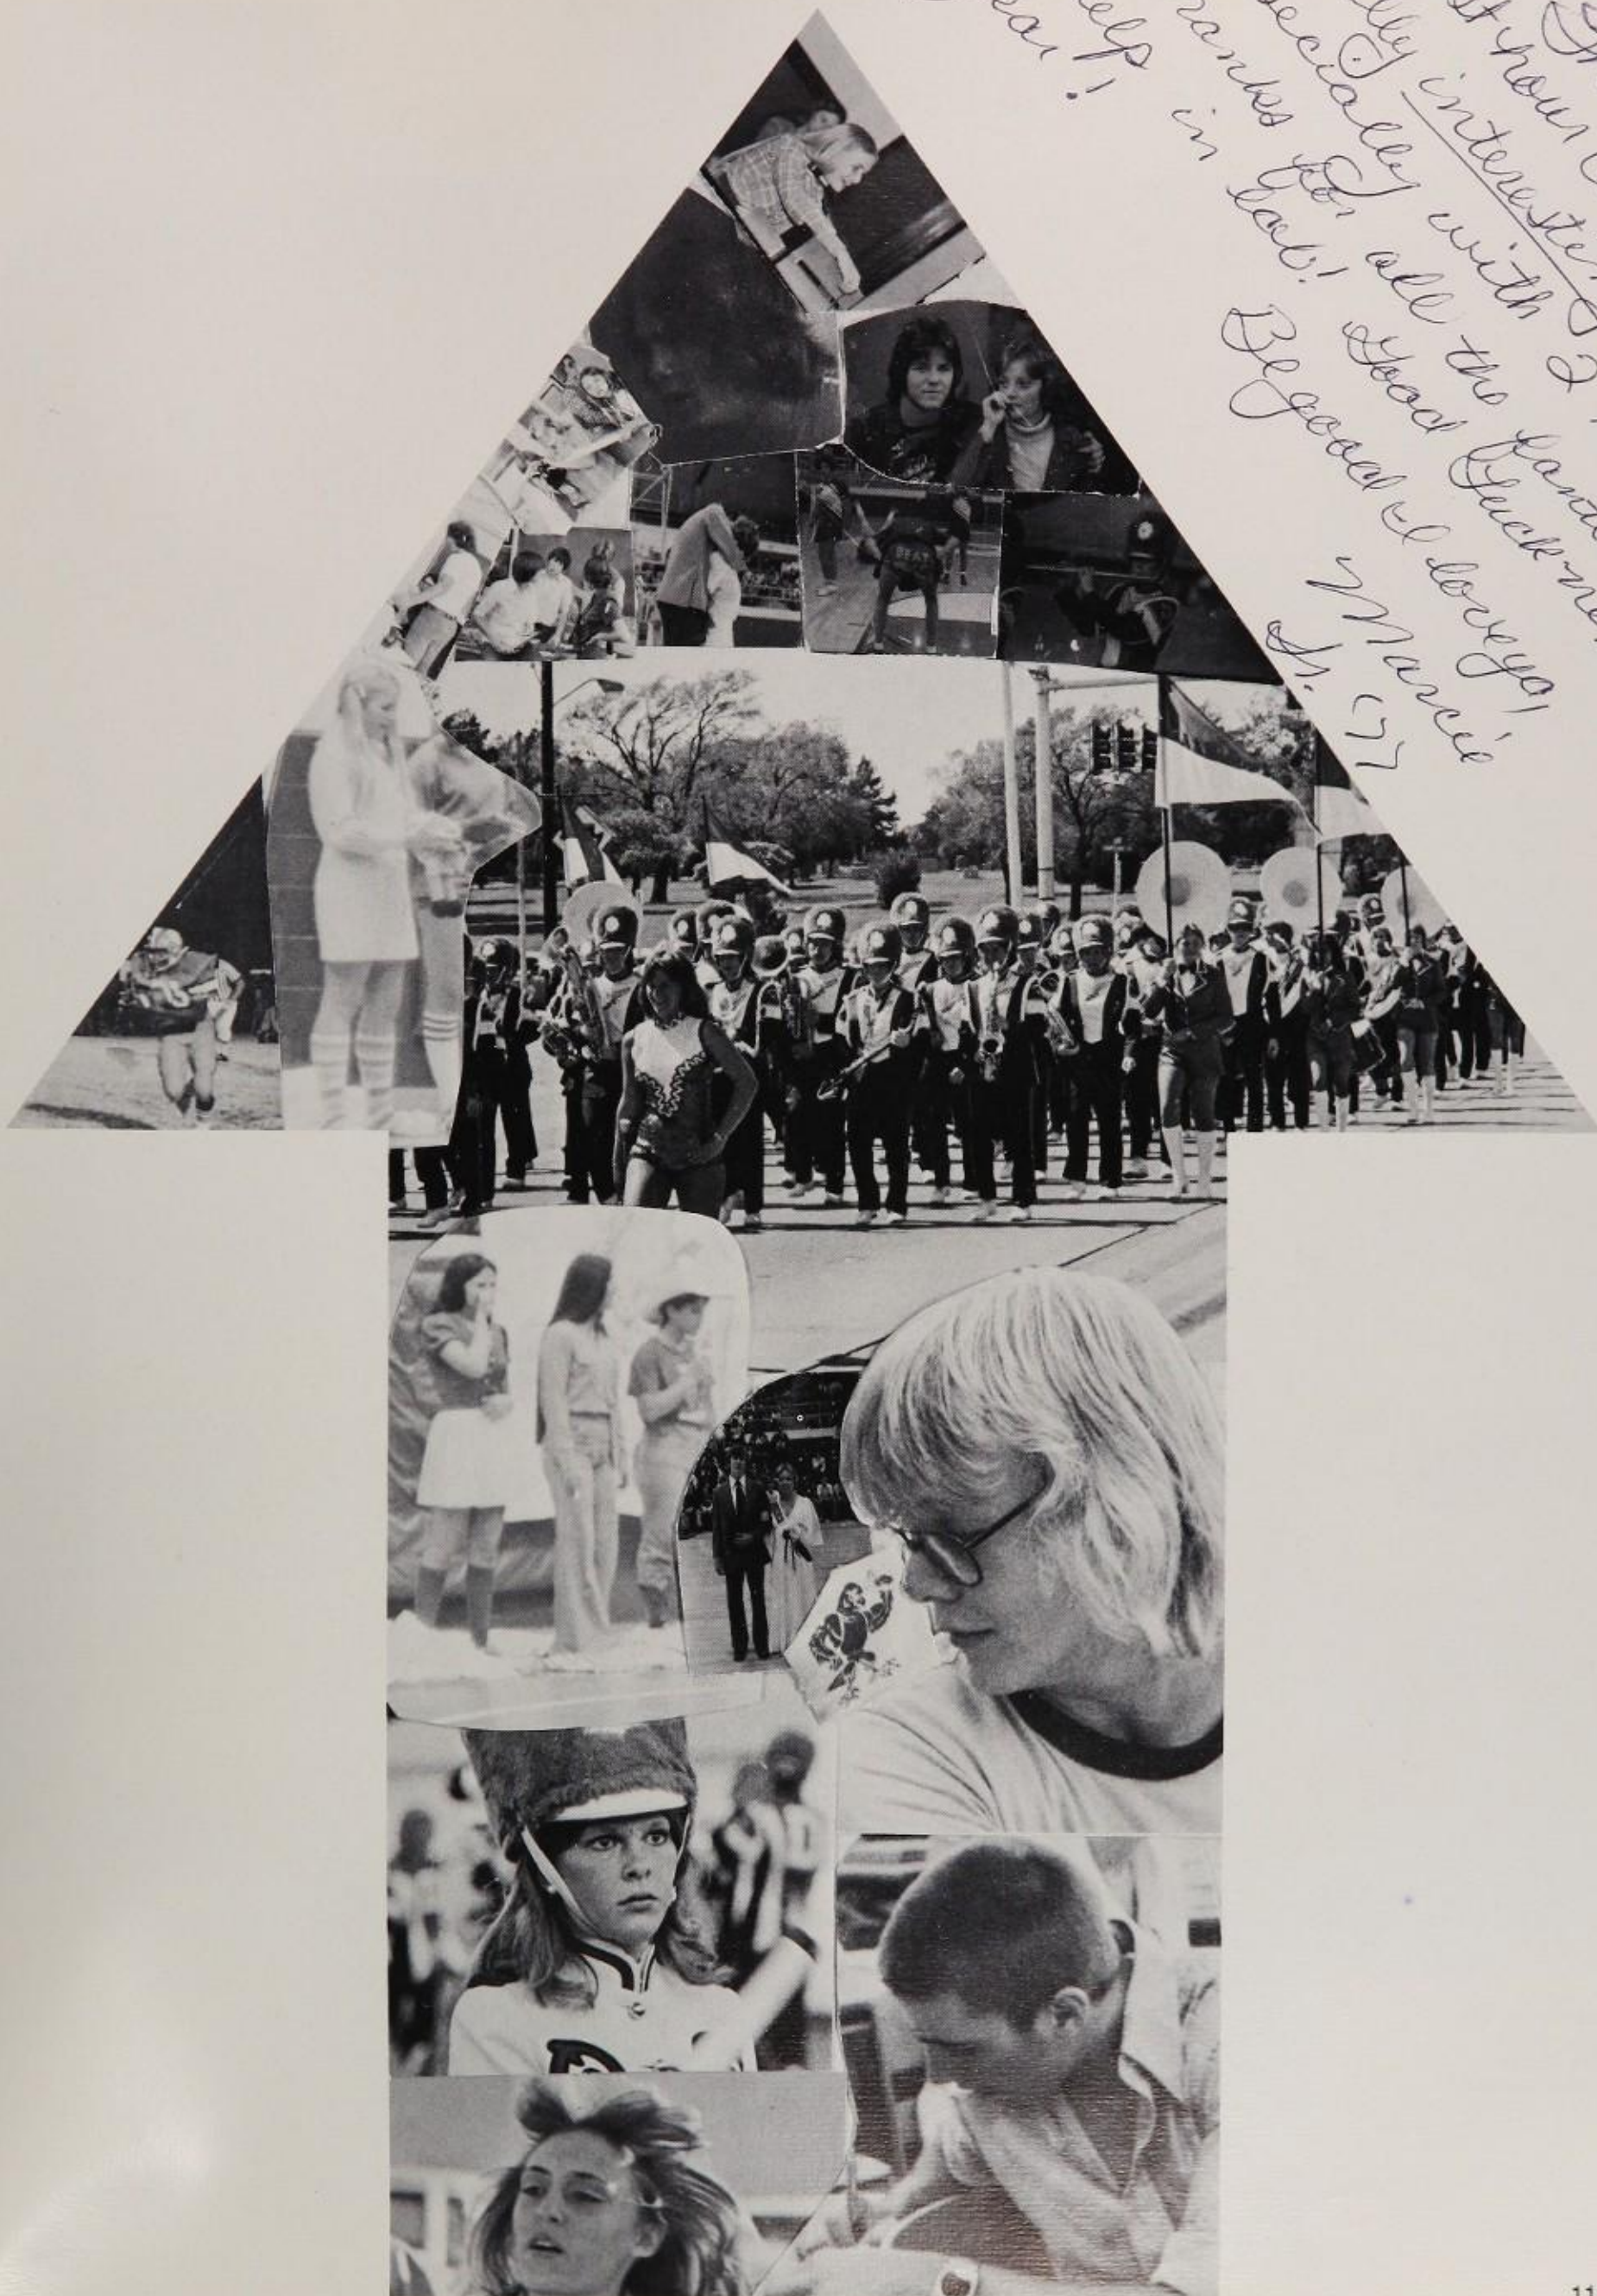

I can't wait until I'm a senior! Bruce Palmer
 My junior year has been rewarding. William Porter
 Boy! What a year! Debbie Wyatt
 I've enjoyed it! Teiepa Mathews
 It would be better without a D.N.A. Gary Stark

School works to better your education. Take advantage of it! Don Miller
 At Del City it's one word. Brad McClure
 It is my Junior year! Billy Cone
 The more you come the more you learn!
 I think Del City is #1! Patty Pearson
 It's been fun! Rhonda Thompson
 It's a lot different from being a sophomore. Pat Phelps

The year is getting better as we go along. Micki Borden
 I've met a lot of different people and had many strange experiences. Tom Carlton
 My junior year makes me feel happy! Cynthia Wilson

Janet, This year was
 first year class was
 really interesting!
 Especially with 2 Kathleen
 Thanks for all the fantastic
 help in lab! Good Luck next
 year!

Memories — Think Back To the Good Times

Being a senior is often a time of confusion and trouble. Thinking back we often wish we were still those carefree sophomores — that had no worries. No job to be on time for, no car to fill with gas. Deciding on a future for ourselves is demanding. Once you've been a senior, there's no turning back. You're an adult with responsibilities it isn't always fun to have.

After you've had a rough day at school, no one's treating you right and you're afraid the world's going to fall in, you drift into deep thought and think of those happy times when everything was coming up roses.

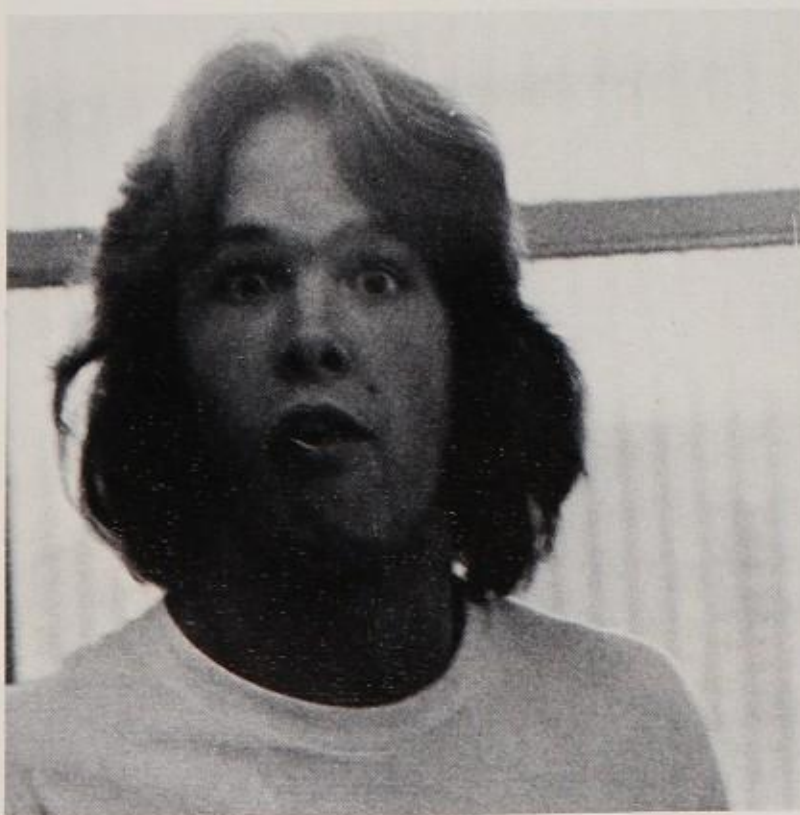

Reflect now, as the senior section takes you back to some of those happy times, when worries seemed to vanish because you were with the friends you love.

Marcy Robles has a smile for everyone.

Terry Golden and Tina Foley share a laugh.

Roby McEuen can't believe it!

Lynette and Jan knew we were No. 1.

Paper airplanes filled the field house on the day of the Midwest City game.

"Sometimes"
 Sometimes, not often enough
 We reflect upon the good things
 And those thoughts always center
 around those we love
 And I think about those people
 Who mean so much to me
 And for so many years have made me
 So very happy
 And I count the times I have forgotten
 to say Thank You
 And just how much I love them.

KENNY CROWNS LYNETTE

Lynette Charboneau was selected as the 1976-77 football queen.

Lynette served as Pep Club president, was in Del Aires and Honor Society, and was also an active member in History Club and French Club.

She said about the September 24 Homecoming, "I was surprised more than anything! I was real nervous just being out there. Homecoming night I was so proud of our team. I can't express all of the emotions I felt that night. I was just real, real happy."

Lynette was escorted by Richard Eshbach and was crowned by kissing captain Kenny Oleson.

Jan Miller and Randy Scott

Randy Scott and Jan Miller were chosen by the student body to represent the school as Mr. and Ms. Del City. They were chosen for their leadership, school spirit, and for their participation in school activities.

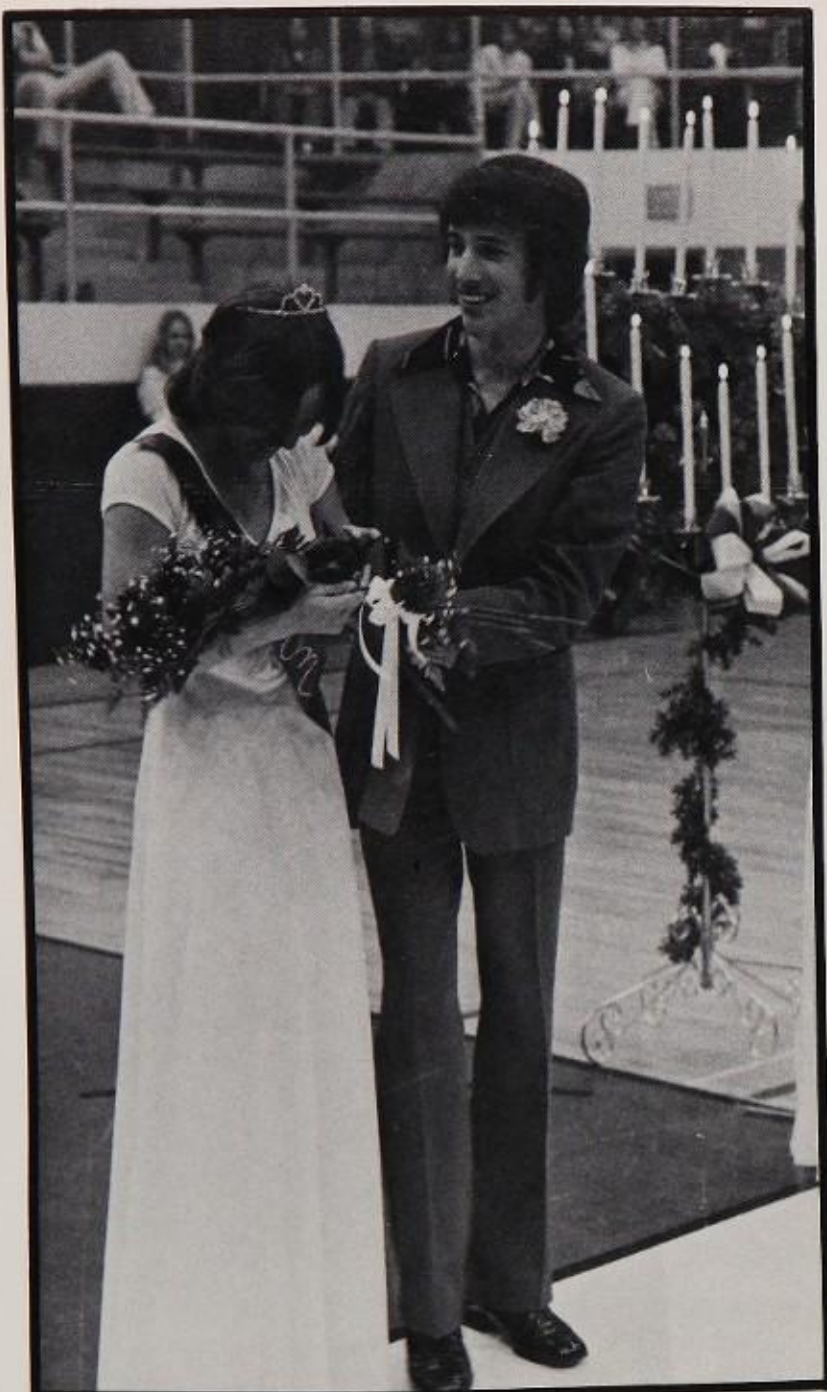

Randy was a letterman in football and track and served as vice-president of Student Council and as vice-president of the fellowship of Christian Athletes. Randy was also selected by seniors as Best Dressed.

Jan served as head cheerleader and as vice-president of the senior class. She was also a member of the fellowship of Christian Athletes and was chosen as a senior favorite, Most School Spirited.

EAGLES FLY TO VICTORY

One couldn't have written a more exciting season than this year's team experienced. It didn't take long for people to notice the Eagles. After allowing Grant only a safety, and shutting out Moore and N.W. Classen, everyone knew the Eagles meant business.

Del City developed an awesome offensive machine as well, powered by Kenny Oleson and Steve Hammond. The offense was guided by the steady hand of junior Smokey McCarthy, who repeatedly came through in the clutch.

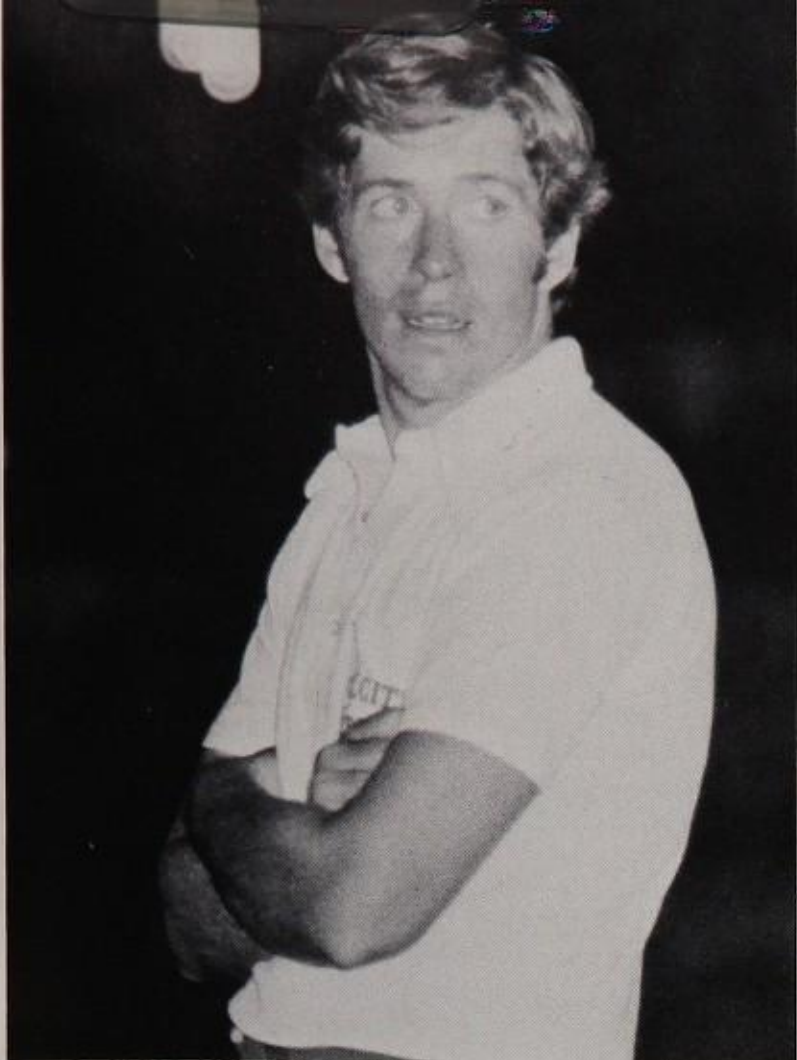

With rock hard defense and staggering offensive might, the Eagles soared to a 12 and 1 record and the State Championship. Del City's best ever.

COACHES GUIDE CREW TO TITLE

As with any organized effort, there is the muscle and the brains. And the brains behind the Eagles success belong to the coaching staff, headed by Head Coach Manning. The assisting with Coach Manning were Rick Harvey, Larry Fisher, Gary Rose, and Craig Wiseman. These men, along with J.V. coaches Larry Hurst, Eddie Griffin, and Paul Beesely, worked hard to realize every football teams dream. But when their team goes all the way, it's worth it!

EAGLES ARE NUMBER 1

In the beginning, no one even figured Del City to finish in the top ten let alone be in the playoffs, but they were there none the less.

The Eagle's first opponent was the Muskogee Roughers. Despite some rough going in the first half, the Eagles rallied in the second half to make the Roughers their tenth victim.

Then it was on to Moore for a rematch. Once again Del City came out on top, claiming the 4A Regional Championship.

At Taft Stadium, on the night of Dec. 3, 1976, the Del City Eagles met the Putnam West Patriots for the championship. Four quarters later, the Eagles reigned as undisputed champs of Oklahoma's 4A football.

J.V. WORKS HARD

This year's Junior Varsity had a lot to live up to after last year's performance. Though they didn't do as well as their predecessor, they worked just as hard. Their desire was the same, and that's what it takes to play football. Many young men showed much potential under new coach Larry Hurst. Aiding Coach Hurst were Eddie Griffin and Paul Beesley. Even though there were some dark moments for the young team, they gained valuable playing experience that is needed to play Varsity football.

SENIORS ARE KEY TO SUCCESS

"A team is only as good as its seniors!" is one of the best trueisms ever spoken by Coach Henry Manning. Surely this years Seniors were one of the best examples of this cliché. Even though this years seniors were not the biggest in the conference, in size, they definitely had to have the biggest hearts on any field. Time and time again they rose to challenge. By playing aggressive foot-

ball, both on offense and defense, the seniors set the best example possible for next years seniors. Perhaps the essence of a senior footballer can be best summed up in a modified version of Nathan Hale's famous quote, "I regret that I have but one senior year to give for my team."

Outweighed by at least 25 pounds and sometimes as much as 65 or 75 pounds, the Eagle line took the field every game, usually as the smaller of the two teams. It wasn't often they got to play a team close to their own size. Three things that enabled this undersized line to whip the enemy were quickness, finesse and technique. The line, as much as anyone, won the title for Del City.

WE TOOK START

CROSS-COUNTRY RUNS TO GLORY

Three regulars returned to lead this year's team; however, there were many others hopeful runners (24) turn out. Coach Locke said that this was because of the exposure of distance running in the recently completed Olympic Games. The three veterans were senior Mike Ybarra, and juniors Charlie Cedeno and Rick Mauk. They consistently produced outstanding performances to pace the team. Both Ybarra and Cedeno broke the school records in finishing 2-3 at the Mid-state meet. Along with Bruce Palmer, they all made large contributions in bringing home a fourth place spot at the state meet where Ybarra and Cedeno were honored as All-state. Cedeno capped off a great year with All-American honors.

ROUNDBALLERS STRIVE TO WIN

This year's team had high hopes as the season began. They were filled with a great amount of ambition and desire and were eager to play the first game. They won their first game in impressive style. Eventhough they didn't win all the games, each time our cagers went out on the court, they went out to win!

CACER'S PLAY IS SPOTTY

The most recently completed season was unmistakably one of streaks. Some good play produced an even record after eight games. While playing for the consolation trophy at the Putnam West Tournament, the Eagles suffered a tough 68 to 61 defeat at the hands of Edmond. On the rebound from the staggering loss to Edmond, the Eagles fought their way to a seventh place finish in the Midwest City Tournament after losing five in a row. From there on things did not go well. However, there was supreme amount of effort displayed by the players from which they derived a great deal of satisfaction.

EAGLE MATMEN TOUGH

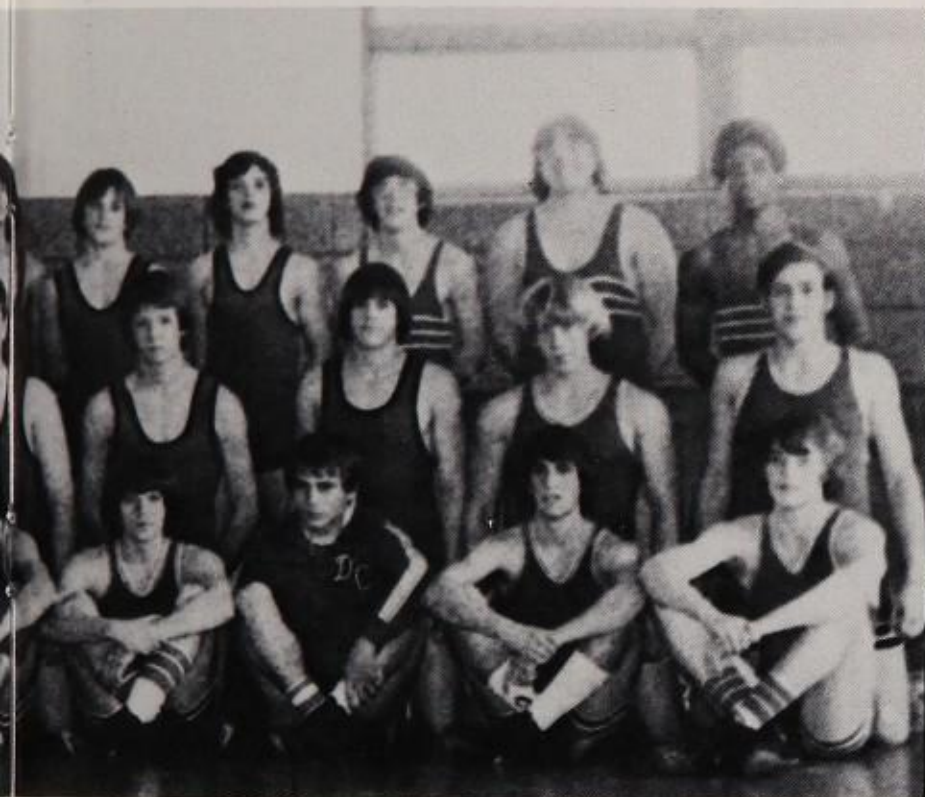

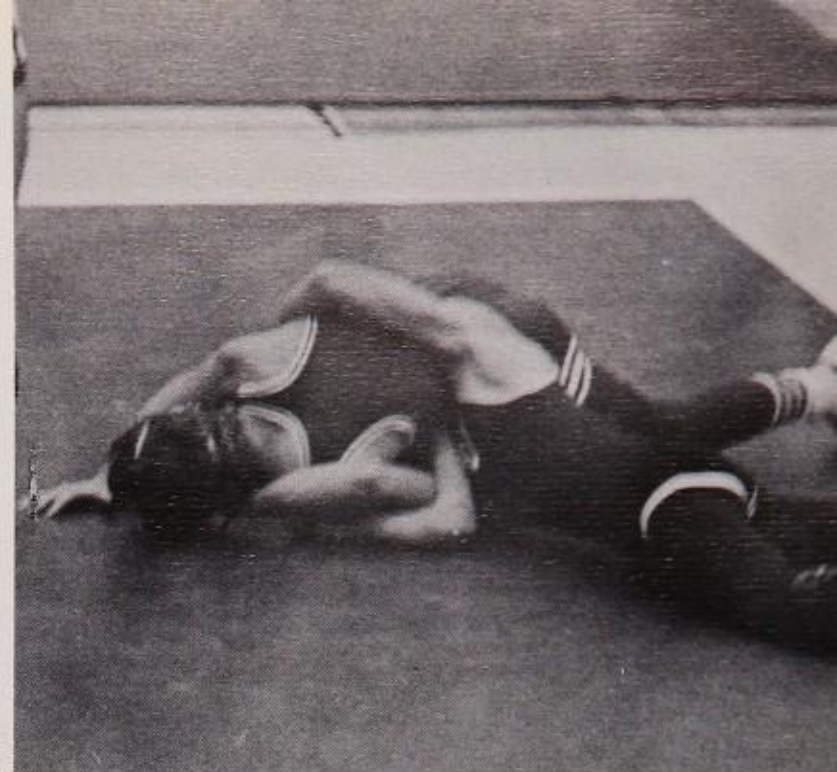

Under new wrestling coach, Eddie Griffin, the young crew worked its way to a final 8 and 4 season. Through the entire season they were plagued by many untimely injuries. But even this couldn't keep this determined bunch of kids down. Time and time again they rose to the challenge at hand. Sometimes they emerged triumphantly, other times they weren't so lucky; however, the important thing was they never gave up. Each match they showed up with a new zeal and ardent desire to compete. This special spirit, tenacity, and sheer determination are attributes our wrestlers can be proud of. Truly, these young men are a credit to our school.

TRACK LOOKS TOUGH IN '77

Everyone wants in on a good thing and Del City track is a good thing.

Track and field is a combination of individual efforts. In Fact, approximately 65 able bodies wanted in on this years run for glory. Randy Scott, Don Cosper, Billy Thomas, and Mike Ybarra lead an awesome looking balanced attack. Except for some ill-timed bad health, and a few unfortunate injuries, DC would be on the brink of building a small dynasty. Coach Wilhite expressed feeling that if healthy, the Eagles may be top contenders for a championship.

COLFERS ON PAR

15 club bearing hopefuls showed their skills to first year coach Dick Logan. However, the team will consist of just the top 5 at any given time. The favorites for these spots will be seniors Kirk Nelson and John Rosinski, juniors Kirk Maynard, Pete Delise, Max Hughey and Bobby Phelps, and sophomore Tommy Nicholson. Coach Logan explained that there will be some changes in the routine during the year. In addition to having a few "second team" matches the squad traveled to out of town tournaments at Lawton, Duncan and Wichita Falls.

Above right: Kirk Maynard tees off.

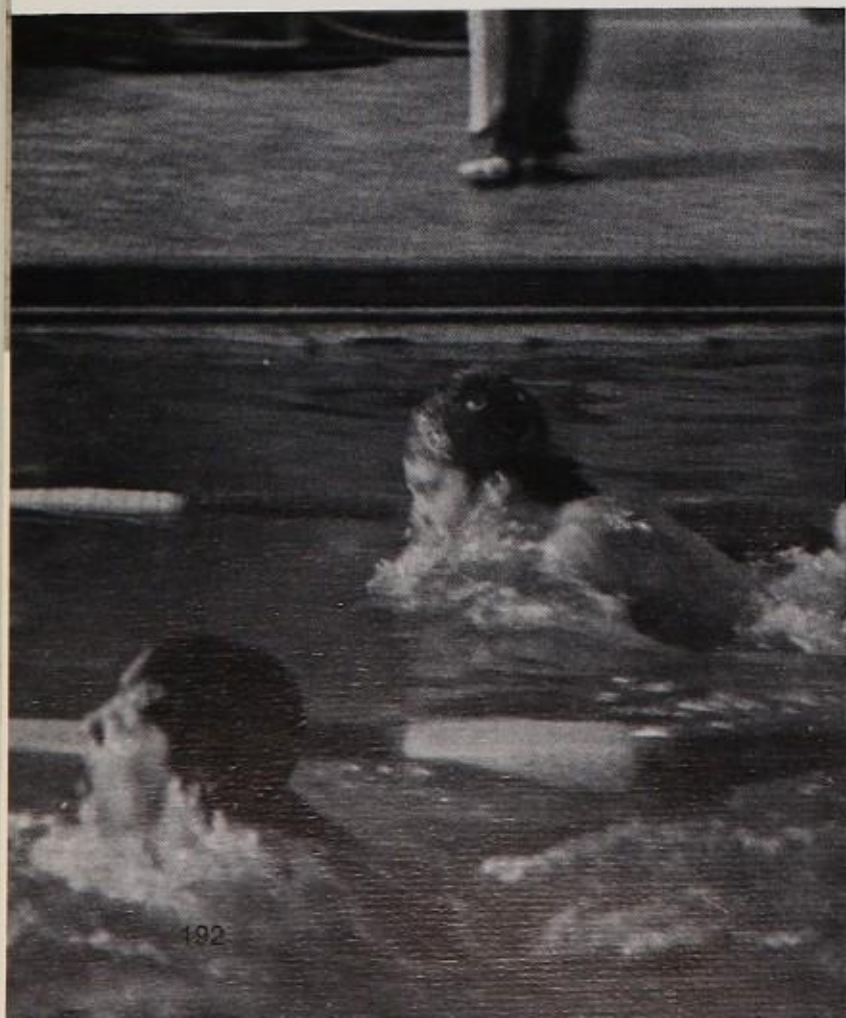

SWIMMERS SET RECORDS

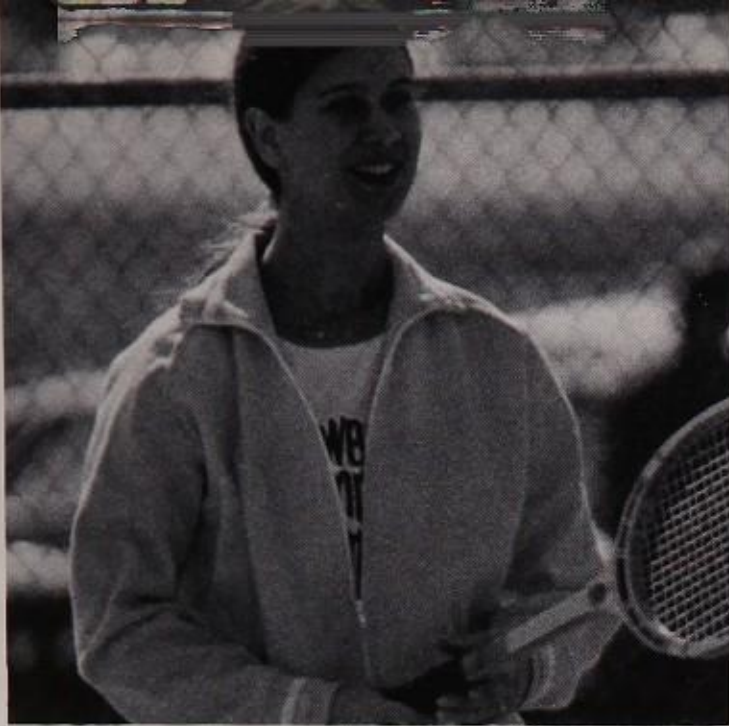

This sport is very much on the uprise at Del City thanks to 2nd year Coach, Gary Rose, one very helpful Joy Huska and some devoted participants. The team made great strides. They finished 3rd in the Mid-State conference, compared to the previous highest finish of sixth. They also had a 7-4 record in duals which was the best in the 4 years of swimming at Del City. Below: An example of how well the swimmers excelled this year.

TENNIS SHOWS PROMISE

While other sports are prosperous and healthy at DC, tennis is struggling. Although a most-ever total of twenty-three flocked to the courts, there just weren't enough courts, four to be exact. But these were to be shared with the lady netters, nevertheless, Interim Coach Lyle Maynard remarked that his group would work hard and make-do with what was available.

Coach Maynard also said that his young team would improve as the season progressed. He looks for them to work hard for themselves and do as well in 14 matches and 3 tournaments as possible.

GROUP

Girls interested in the wrestling program joined together to form an organization known as the Mat Maids.

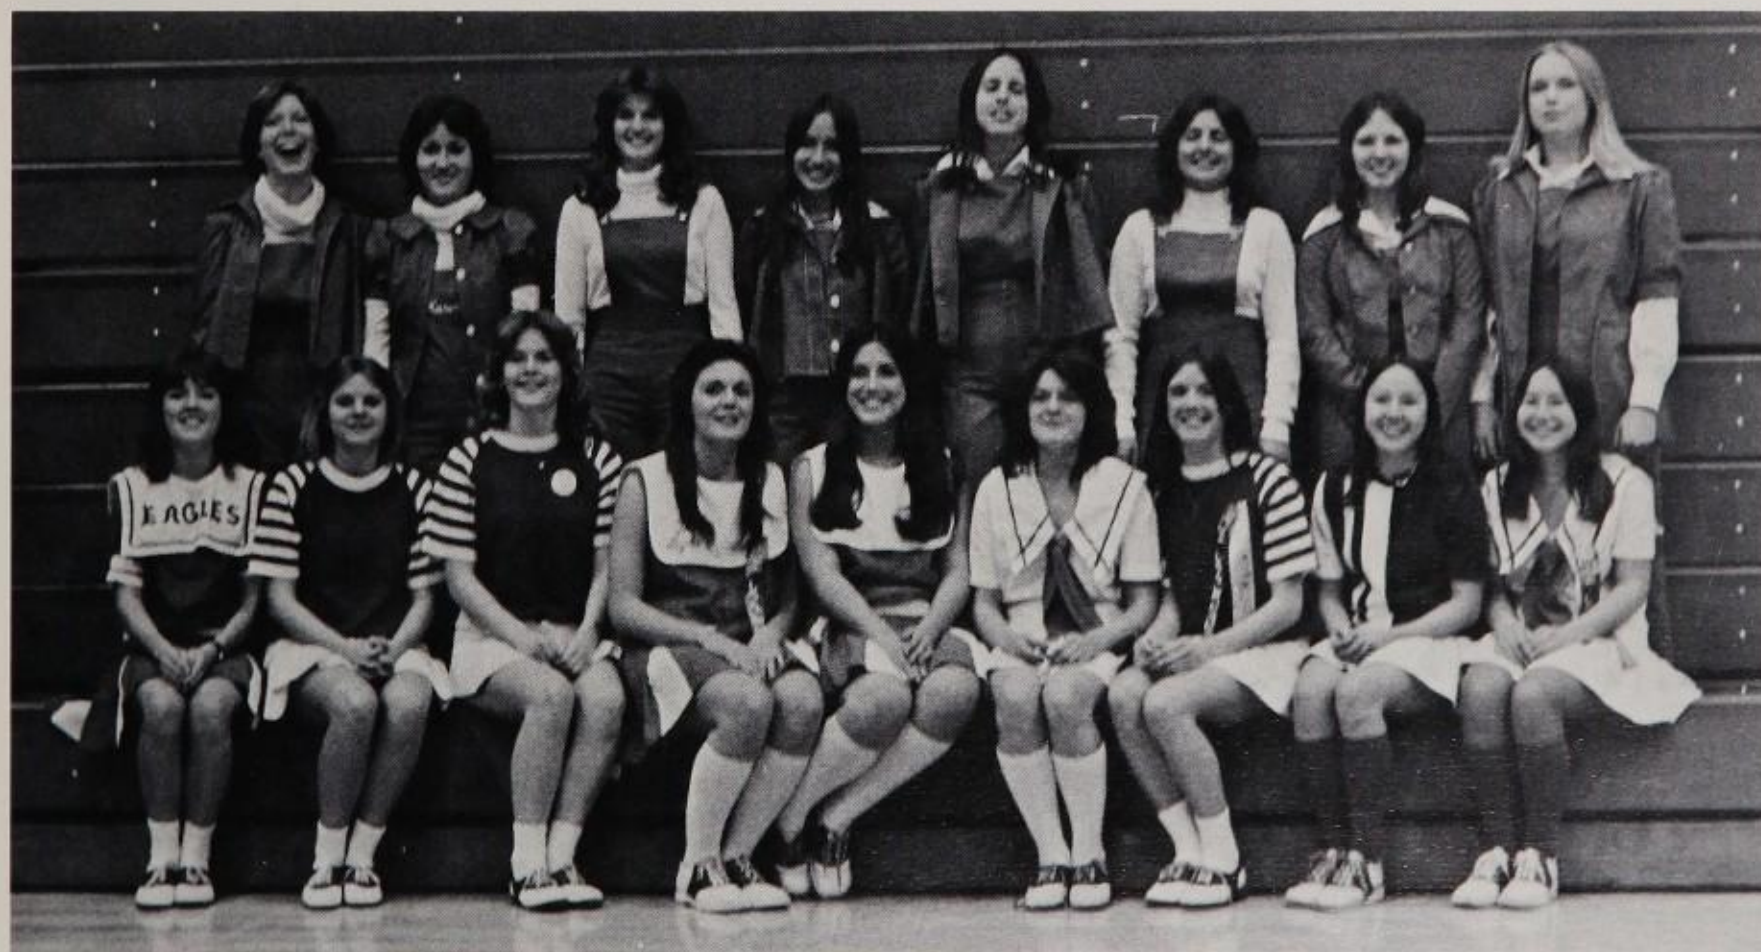

Elected to lead the club were Kathy Smith, president, Karen Smith, v-president; Dana Jones, secretary; JoAnn Smith, Treas. The Sponsor of the group is Mrs. Elaine Jackson.

These members are assigned to work tournaments and matches. Some of their duties are to keep time clocks, bout sheets, announce matches, record outcome of matches on bracket sheets, run the video tape machine and help any area in which they are needed.

During tournaments, parents of these girls keep wrestlers from schools which are so far away from driving back and forth. Uniforms for the club members are red jump suits with white sweaters.

Pep Clubbers display many moods at football games.

THEY LEAD CHEERS

J.V. Cheerleaders are from the top, Stacy Wise, Crystal Phillips, Vickie Mason, and Lisa Gohler.

Kim Newman has the spirit, winning.

The Cheerleaders this year had a lot to cheer about. But they were more than that. They served as a mediator between the Pep Club Officers and the Pep Club members.

That wasn't their only function, because even if nobody showed up at a game they had to cheer and show their spirit. Football wasn't that hard, but some of the basketball games and wrestling matches were hard to cheer at because few people showed up, even though, one could depend on our Cheerleaders to be behind the team all the way!

Varsity Cheerleaders are from left to right, Kim Newman, Jan Miller (Head Cheerleader), Kelly Scholz, Barbie Mason, Deby Straun, Stacy Guitilla, and Debbie Lee.

NEW OFFICERS FOR PEP CLUB

Kay Youngblood is on the Executive Board.

Kim Crabough is the other Sr. Member.

Pam Haffpaur, Jodie Ray, Cindy Saldin, and Toni Jackson.

Well, another hour of work down the drain! But it happens all the time. You line up a bunch of girls with a nice sign and automatically you have a football team willing to run right through it.

Senior Rednecks, or Senior Pep Club officers, whats the difference?

The officers of the Executive Board in the Pep Club were created to help the Recording Secretary with role and keeping track of merits.

These officers are part of the Executive Council, just as the officers of President & Vice-President. They have the authority of an officer and they use it as such.

OFFICERS SHOW LEADERSHIP

OUR LITTLE EAGLE EDDIE VICKERS

The 1976-77 Del City High School Pep Club has taken a big step this year. They have officers that really take their work seriously. Some have said that this years Pep Club is the best and the most organized Pep Club that Del City has ever had one of the reasons the Pep Club has over 200 members this year, that is the most members in the clubs history . . .

This year Eddie Vickers held the position of "Little Eagle". He was chosen by the Pep Club Officers and cheerleaders at the beginning of the year. Eddie seems to be the bridge between the student body and the Pep Club at the Pep Assemblies and sports activities in which he attends.

STAFF WORKS

Editor C. Glidewell and R. McEuen discuss a problem.

This year that has been the goal of the yearbook staff, to preserve the memories of the school year. Under the direction of Mr. Jim Corder the staff has worked hard to meet all of the 5 deadlines. The Staff of 30 is divided into sections to form Sports, Honors and Royalty, Organizations, People, Academics, The opening and the closing sections and the index. This year Editor Charlie Glidewell held the responsibility of organizing the pages and coordinating the sections.

A LPN course is being given to a few students who desire a career in the medical field. This course lasts 12 months, and in this time the students learn the job of a Licensed Practical Nurse. After the training, the participants take the state board test, and if they pass, they become a fully licensed practical nurse.

Another group of medical career people is the Nurse's Aides or NA's. Several have enrolled in the course to learn basic Nursing Skills. The students will become Nurse's Aides in hospitals, nursing homes and other places in the community.

The Del Aires of 1976-77 proved to have a very good year. Every where they go, they leave a good feeling in the hearts of the people who get the chance to see them smile and sing. This was the case at their Annual Christmas Concert in December. The group is under the direction of Mr. Ron Staton. The group plans to attend several festivals through the year. The officers are John Hocking President, Kirk Nelson, Vice-President, Lisa Gathright, Librarian, Karen, Reporter, Kimi Evans, Chaplain, and Martin Marks, Student Council Rep. The Del Aires at Crossroads during the Christmas Season, LEFT, Del Aires Homecoming float, below.

As many of the organizations, this is their's.

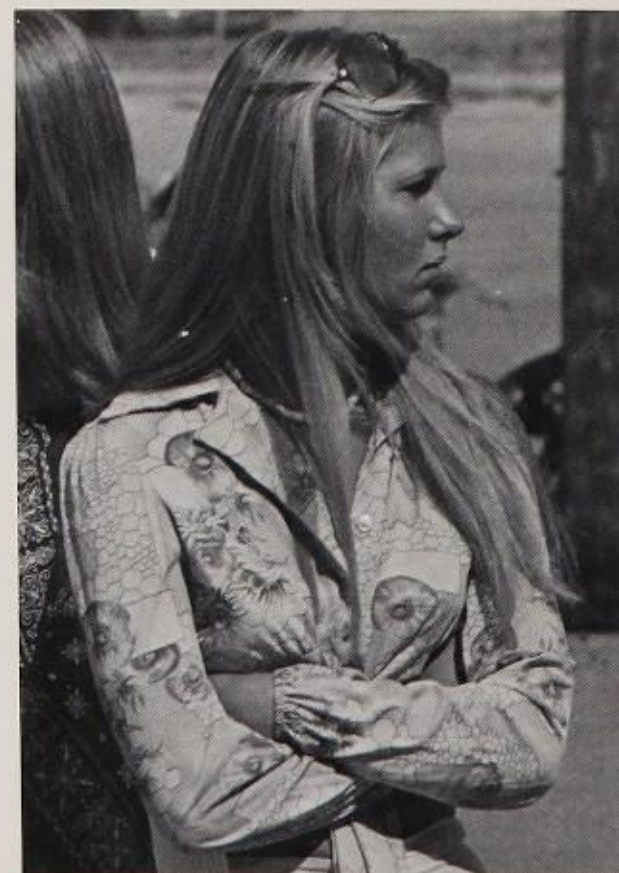

Members of the Del Aires show their ability to act.

WE'VE ONLY JUST BEGUN

We've Only Just Begun, to live,
White lace and promises
A kiss for luck and we're on our way.

Before the rising sun we fly,
So many roads to choose
We start out walking and learn to run.

And yes, we've just begun.
Sharing horizons that are new to us,
Watching the signs along the way,
Talking it over just the two of us,
Working together day to day together.

And when the evening comes we smile,
So much of life ahead
We'll find a place where there's room
to grow
We've Only Just Begun.

The Carpenters

ABOVE LEFT: Ronnie Gray's at the beginning of his life cycle. ABOVE RIGHT: Danny Bryant ends his school years. LEFT: Del City High School. OPPOSITE PAGE: The sun signifies the coming of a new day. OPPOSITE RIGHT: The full blossoming of a violet represents a full and happy life.

Janet,
 I'm glad you
 were my friend
 this year. You are
 a great person
 I've enjoyed
 your huck.

The closing page is dedicated to Mrs. Griffin with our deepest appreciation for all the things she has done for Del City High School, we regret her moving to Texas, but wish for her the very best of happiness in her journey through life — THANKS for help making Del City High School number one!

Janet,
Well another year has
gone by, I say it's glad it's
been fun in 4th hour. I really
don't know you that good
but from the way it do you
are pretty nice. Hope we
get some classes next year.
Good luck in the future!

Janet,
This year has
gone by so fast
& wish there were
more time. Love,
Wayne
Kessler

Janet, been
alt has been
nice getting to
know ya in 2nd yr.
even though you did get
in some pretty hairy arguments
with Mrs. Walker. Oh well
good in your senior year!

Janet,
Best wishes to my J.C.!
We've known^{ed} each other
for a couple of years and
I think you're a really
fun & crazy person. If
you ever get in trouble
or get messed up & need
~~somebody~~ somebody I'll be
there. I hope to see ya
this summer. Love always

Janet,
You're really a nice
chick. It's really been
a trip in second hour.
It's been fun getting
to know ya. Take it easy
and I stay cool. See
ya later.

See ya next year a DCHS
I know you're giving me
a little luck in what I
want to do. Love
Wayne Kessler

Janet,
 You do it!
 you believe it!
 next year will be
 big, but seniors but
 we had alot of fun
 this year, didn't we? Good
 luck in everything you do
 and stay out trouble. I'll
 probably be seeing you around
 this summer, if not, see ya next year!
 Shannon "78"

Janet,
 I'm glad you were in
 my last hour, even ~~though~~
 though you know all of
 the answers. Good luck
 in the future & remember
 of us once-in-a-while
 Love ya

Janet, really
 live alot of fun
 had alot of fun and
 at the 8-ball and
 just cut books around
 I hope will always be
 friends. You're a real
 sweet chic.
 Be careful
 Stay cool

Janet,
 It's really been
 great knowing you.
 I'm glad I met you in
 a couple of hours
 in your and I hope
 to see you next year.
 You're a really
 sweet and crazy
 person. Good-luck
 always in everything
 you do.
 Love ya

Janet,
 Well, we made it
 through chemistry. I ~~wasn't~~
 wasn't sure that I would
 make it. I had fun
 being your lab partner
 even tho you did most
 of the work in the
 long run. Hope that
 in the future you
 get all that you want.
 Stay cool!

Love,

Janet,
 It's been great knowing
 you this year. Thanks for
 showing me the ropes at the
 beginning of the year.
 Good luck as a senior.

Janet,
 Well I guess I will
 sign this if I have to,
 no I feel it is a priveledge
 to sign your annual.
 Stay sweet, & maybe I'll
 see you next year, and
 this summer.

Love ya
